Maintenance

To ensure the longevity and optimal performance of your Skullcandy Hesh 2 Wireless headphones, regular maintenance is recommended. Gently wipe the synthetic leather ear cushions and headband with a soft, damp cloth to remove any dust or debris. Avoid using harsh chemicals or abrasive materials, as these can damage the finish. Store your headphones in the provided travel bag when not in use to protect them from scratches and impacts.

Troubleshooting

If you encounter issues with your Skullcandy Hesh 2 Wireless headphones, try the following steps:

- **No Power:** Ensure the headphones are fully charged using the Micro USB charging cable.
- **Pairing Issues:** Turn off Bluetooth on your device, then turn it back on. Re-initiate the pairing process by holding the main function button until the light flashes red and blue. Ensure your device is within range.
- **No Sound:** Check the volume levels on both your headphones and your connected device. If using wirelessly, ensure a stable Bluetooth connection. If the battery is depleted, connect the included 3.5mm AUX cable for wired listening.
- **Distorted Sound:** Move closer to your connected device to avoid interference. Ensure no physical obstructions are blocking the signal.
