For Okin Lift Chair Power Recliner Transformer Models 09-290020, PD18, 83479

Introduction

Product Overview

This manual provides essential instructions for the safe and effective use of your PK Power 2-Prong AC/DC Adapter. This power supply is designed to provide reliable power to compatible Okin Lift Chair Power Recliner Transformers, specifically models 09-290020, PD18, and 83479. Please read this manual thoroughly before installation and operation.

Package Contents

- 1 x PK Power 2-Prong AC/DC Adapter

Important Safety Instructions

To prevent injury or damage to your device, always follow these safety precautions:

- **Read all instructions:** Before using the adapter, read all safety and operating instructions.
- **Proper voltage:** Ensure the input voltage of the adapter (100-240V) matches the electrical outlet's voltage.
- **Avoid moisture:** Do not expose the adapter to rain, moisture, or extreme humidity. Do not use it near water.
- **Ventilation:** Ensure adequate ventilation around the adapter. Do not cover it or place it in an enclosed space that restricts airflow.
- **Cable integrity:** Do not operate the adapter with a damaged cord or plug. If the cord is damaged, replace the entire adapter.
- **Disconnect power:** Always unplug the adapter from the wall outlet before cleaning or when not in use for extended periods.
- **Children and pets:** Keep the adapter out of reach of children and pets.
- **Intended use:** Use this adapter only for its intended purpose with compatible Okin Lift Chair Power Recliner Transformers.
- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Setup Guide

Connecting the Adapter

Follow these steps to properly connect your PK Power AC/DC Adapter:

1. **Inspect:** Before connecting, visually inspect the adapter and cables for any signs of damage.
2. **Connect to device:** Locate the power input port on your Okin Lift Chair Power Recliner Transformer (models 09-290020, PD18, or 83479). Insert the red-tipped DC output connector of the PK Power adapter firmly into this port.
3. **Connect to power outlet:** Plug the 2-prong AC input cord of the adapter into a standard 100-240V wall electrical outlet.
4. **Verify connection:** Ensure all connections are secure. The lift chair should now be ready for operation.

Operating Instructions

Powering Your Device

Once the PK Power AC/DC Adapter is correctly connected to both the Okin Lift Chair Power Recliner Transformer and a power outlet, it will supply the necessary power. The lift chair should now function according to its own operational manual. There are no additional controls or settings on the adapter itself.

- Ensure the lift chair's power switch (if any) is in the 'ON' position.
- Operate the lift chair using its standard remote control or integrated buttons.

Care and Maintenance

Proper care will extend the life of your adapter:

- **Cleaning:** Disconnect the adapter from the power outlet and the device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly coiling the cables to prevent damage.
- **Avoid physical stress:** Do not drop, crush, or subject the adapter to strong impacts.

Troubleshooting

If you encounter issues with your adapter, refer to the following common problems and solutions:

- **No power to the device:**
  - Ensure the adapter is securely plugged into both the wall outlet and the lift chair transformer.
  - Check if the wall outlet is functional by plugging in another device.
  - Inspect the adapter's cables for any visible damage.
- **Adapter feels hot:**
  - It is normal for power adapters to feel warm during operation. However, if it is excessively hot to the touch, disconnect it immediately.
  - Ensure there is adequate ventilation around the adapter and it is not covered.
- **Intermittent power:**
  - Check all connections for looseness.

- Ensure the adapter is compatible with your specific Okin Lift Chair Power Recliner Transformer model.

If troubleshooting steps do not resolve the issue, please contact customer support.
