Troubleshooting

If you encounter any issues with your MINISO MS203 Translation Earbuds, please refer to the following common solutions:

- **Earbuds not connecting to phone:**
  - Ensure the earbuds are charged.
  - Make sure Bluetooth is enabled on your phone.
  - Forget the device in your phone's Bluetooth settings and try pairing again.
  - Restart both your phone and the earbuds.
- **Translation not working:**
  - Ensure the earbuds are connected to the dedicated app on your phone.
  - Check your internet connection, as real-time translation often requires online access.
  - Verify that the correct source and target languages are selected in the app.
  - Update the app to the latest version.
- **Sound quality issues:**
  - Ensure the earbuds are clean and free from debris.
  - Check the volume levels on both the earbuds and your connected device.
  - Move closer to your connected device to avoid signal interference.
- **Earbuds not charging:**
  - Ensure the charging cable is securely connected to both the case and a power source.
  - Check if the charging contacts on the earbuds and inside the case are clean.
  - Try a different charging cable or power adapter.
