12 month warranty

Thank you for your purchase.

Your new product is warrantied to be free from defects in materials and workmanship for the period stated above, from the date of purchase, provided that the product is used in accordance with accompanying recommendations or instructions where provided. This warranty is in addition to your rights under the Australian Consumer Law.
For New Zealand customers, this warranty is in addition to statutory rights observed under New Zealand legislation.

We will provide you with your choice of a refund, repair (where possible) or exchange (availability dependent) for this product if it becomes defective within the warranty period. The business will bear the reasonable expense of claiming the warranty.
This warranty will no longer apply where the defect is a result of alteration, accident, misuse, abuse or neglect.

Please retain your receipt as proof of purchase and contact our Customer Service Centre as listed below, for the entity you purchased this product from, for any difficulties with your product. Warranty claims and claims for expense incurred in returning this product can be addressed to the respective Customer Service Centre.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Power ON/OFF Button

- Press and hold ON/OFF button,the blue indicator light will flash. The device is powered on and enters Bluetooth mode automatically.
- Short press to switch Bluetooth Mode/AUX Mode.
  (When AUX-in cable is not plugged in,it cannot be switched.)

Play/Pause Button

- Short press to play/pause music.
- When a call comes in, press the Play/Pause button to answer the call, and long press to reject the call.During a call, short press the Play/Pause button to end the call.

Bluetooth Mode

- Once the speaker is powered on, will automatically enter Bluetooth mode in several seconds and blue indicator light flashes.
- Search for " anko43499854" (Bluetooth name) and connect from Bluetooth menu on the media device.
- Once the speaker is successfully paired and connected, you will hear a prompt tone.
- When the device is turned on again, it will automatically reconnect to Bluetooth as it was last time.
- Press and hold ▷II for 3 seconds to disconnect the Bluetooth.

AUX Function

- Use a 3.5mm audio cable(not included) to connect your device through the AUX IN port.You will hear a prompt tone,Choose the music from your media device and play.

TWS Pairing

- Double-click ▷II button of either speaker when both speakers are powered on to initiate TWS pairing. The devices will complete the pairing within 15 seconds. Once the TWS connection is established, the blue LED indicator on the host speaker will blink, while the blue LED indicator on the secondary speaker will stay on.
- After the TWS pairing is successful, you can search for "anko 43499854" from the source device (e.g., smartphone) and connect via Bluetooth.
- All actions performed on one speaker are automatically applied on another one speaker.Such as switching songs, volume up/down, Play/Pause and power-off; You also can control the volume up/down, switching songs, Play/Pause from source device(eg.smart phone).
- Disconnect pairing:
  Double-click ▷II button of either speaker to disconnect TWS. The host speaker remains Bluetooth connected and continues to work; The secondary speaker will disconnect from Bluetooth and enter pairing mode.
- Re-connection after disconnection:
  Double-click ▷II on disconnected speaker to re-enter TWS pairing and re-connect the other speaker automatically(both speakers should be in Bluetooth mode).
- After the TWS is connected, the TWS automatically connects when the TWS is used again.

Reset Hole

- The reset hole is designed for factory use during the production process and should not be used by end-users. If an end-user inserts a pin into this hole and triggers the hidden function, it will cause the device to forget all previously paired phones, and re-pairing will be required when reconnecting Bluetooth.

Charging

- This Speaker is powered by rechargeable Lithium battery. Please use provided USB-C cable for charging (Plug the USB-C end to the device charging port and the other USB-A end plug into a minimum 5V/1A charger)The LED indicator displays red while charging and light off when fully charged.
