Floor lamp

Important Reminder:

1. If you have purchased two or more floor lamps and want one remote control to control one floor lamp independently, *you need to match the code.*

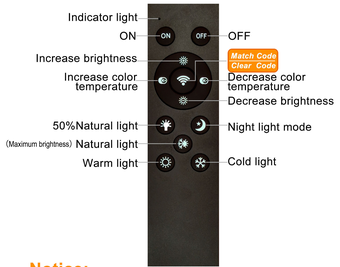
2. If your floor lamp turns on, off or dims by itself, *you need to match the code.*

3.If you have any questions, please contact us to help you solve.

Tip:Factory Default Matching

Remote Control Setup Manual

Remote Control Panel Introduction



Notice:

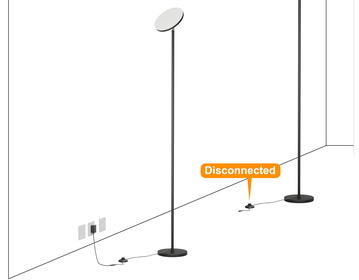
The remote control can only be used after the foot switch is pressed !!!

How to match

STEP 1:

Plug in the power adapter of the floor lamp that the current remote control needs to control

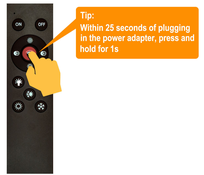
Note :
Other floor lamp power adapters need to be disconnected



STEP 2 :

Within 25 seconds of plug in the power adapter and turning on the floor lamp, press and hold the remote control button for 1 seconds, the floor lamp flashes 3 times quickly. remote control and floor lamp are matched successfully.

Once the match is successful, only this remote control can control the floor lamp.



Special instructions:

If you have multiple floor lamps and need a remote control to control multiple floor lamps at the same time, please repeat step 1 & step 2 above with the same remote control.

How to cancel a match

Within 25 seconds after plugging in the power adapter, press the button again for 1 second, then the floor lamp will flashes slowly for 5 times, at this time, the match will be canceled, and the floor lamp can be controlled by all remote controls.
