Zenna Home 2523NN

Zenna Home Over-the-Toilet Storage Organizer User Manual

Model: 2523NN | Brand: Zenna Home

Product Overview

The Zenna Home Over-the-Toilet Shelf is designed to maximize storage in bathrooms with limited space. This unit provides ample room for bathroom essentials by utilizing the area above your toilet. It features three spacious shelves for toiletries, linens, and decorative accessories, aiding in organization and decluttering.

Crafted from durable steel with a satin nickel finish, this organizer combines functionality with an elegant cross-style design. The finish is resistant to rust and chipping, ensuring long-lasting pristine condition. The bottom shelf offers 34.25 inches of clearance, making it suitable for most standard and taller toilets without compromising space or accessibility.

Key Features:

- Maximizes Bathroom Storage: Adds three spacious shelves for toiletries, linens, and decor.
- Sleek and Durable Design: Sturdy steel construction with an elegant cross-style design and rust-resistant satin nickel finish.
- Fits Over Most Toilets: Bottom shelf provides 34.25 inches of clearance for versatile fit.
- Effortless Assembly: Includes step-by-step instructions and all necessary hardware for quick setup.
- Secure and Safe: Includes mounting hardware and anti-tip components for stability.

Setup & Assembly

Assembly of the Zenna Home Over-the-Toilet Storage unit is designed to be straightforward. All necessary hardware and step-by-step instructions are included in the packaging. Please ensure all parts are present before beginning assembly.

For detailed, interactive 3D instructions, you can download the BILT app. This app allows you to rotate images, zoom in, and receive voice and text guidance for each step of the assembly process.

Important Safety Note:

Ensure the shelf is securely installed with the provided anti-tip components and mounting hardware to prevent tipping and potential injury. This is crucial for the stability and safety of the unit.

Product Usage

The Zenna Home Over-the-Toilet Storage unit is designed to provide convenient and accessible storage in your bathroom. Its three shelves can hold a variety of items, helping to keep your space organized and clutter-free.

Recommended Uses:

- **Toiletries:** Store shampoos, conditioners, soaps, lotions, and other personal care items.
- **Linens:** Keep folded towels, washcloths, or small bath mats readily available.
- **Decorative Accessories:** Display small plants, candles, or other decorative items to enhance your bathroom's aesthetic.
- **Cleaning Supplies:** Organize cleaning products for easy access, especially for the toilet area.

Each shelf is designed to hold up to 5 lbs. Distribute weight evenly across the shelves to maintain stability.

Maintenance & Care

To ensure the longevity and appearance of your Zenna Home Over-the-Toilet Storage unit, follow these simple care instructions:

- **Cleaning:** Wipe the unit with a dry cloth to remove dust and light grime. For more stubborn marks, a damp cloth with mild soap can be used, followed by drying thoroughly.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the satin nickel finish.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Re-

tighten if necessary.

- **Moisture Control:** While the satin nickel finish is rust-resistant, it is advisable to wipe away any standing water or excessive moisture to prevent potential long-term damage.

Troubleshooting

If you encounter any issues with your Zenna Home Over-the-Toilet Storage unit, consider the following common solutions:

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Loose connections or uneven floor.	Ensure all screws are tightened. Verify the unit is on a flat, level surface. Adjust the anti-tip components if installed.
Difficulty assembling.	Incorrect part orientation or missing steps.	Refer to the detailed assembly instructions provided or use the BILT app for interactive guidance. Double-check part numbers and orientations.
Shelves appear to sag.	Overloading shelves.	Ensure no single shelf exceeds the 5 lb weight limit. Distribute items evenly.
