5 In 1 Universal Multiport USB Hub

Thank You
for choosing aquality product from 4smarts

Safety instructions

1.1 General precautions

- Do not drop the product or subject it to violent shocks.
- Only have it repaired by a professional

1.2 Precautions for electronic devices

- Protect the product from dirt, moisture, overheating and extreme temperatures and use it only in dry rooms.
- Do not open the unit and do not continue to operate it if it is damaged.
- Never use force when plugging in the unit or any adapters.
- Do not operate the appliance outside its power limits as specified in the technical data.

Technical data

lx USB-A 3.0 supports data transfer up to 5 Gbps, backwards compatible with USB
2.0 / USB1.1. 2x USB-A 2.0 supports data transfer up to 480 Mbps.
lx Micro SD slot / lx SD slot supports data transfer up to 480 Mbps.
Material: Aluminium
Connection: USB-C input with additional USB-A adapter

First steps

Connect the Multiport Hub to a free USB-C or USB-A port on your computer / laptop / MacBook, etc. for extra USB-A ports and card readers. The multiport hub supports Plug & Play and Hot Swap. Device drivers are automatically recognised and installed.
Device with USB-C connection: Connect the USB-C input connector directly to the USB-C port on your device.
Device with USB-A connection: Plug the USB-A adapter into the USB-C input connector and then connect it to the USB-A port of your device.

Function notes

USB 2.0 / USB 3.0

The maximum output current of the USB 3.0 port is 0.9 A. No devices with high power consumption (such as external hard drives/CD-ROM/DVD-ROM) should be connected.

Card Reader

These card slots support most major data transfers via SD / Micro SD memory cards. Please note that these two cards cannot be used at the same time. Only one memory card can be read at the same time.

Maintenance and care

Use only dry cloths for cleaning. The product is not waterproof. Do not clean with water.

Warranty

4smarts GmbH accepts no liability or warranty for damage resulting from improper installation, assembly and improper use of the product or failure to observe the instructions for use and/or safety instructions.

Disposal notification

Electric and electronic equipment as well as batteries must not be disposed of with household waste. Consumers are obliged by law to return electric and electronic devices as well as batteries at the end of their service lives to the public collecting points set up for this purpose or point of sale.

Service and support

If the product is defective or in a case of problems during installation, please consult your dealer or the 4smarts product consulting via: **http://www.4smarts.com/contact**

Service Hotline Monday — Friday 9am — 5pm + 49 (0)821 20708444 Email: **customer-service@4smarts.com**
