Garmin FBA_38854NR

Garmin City Navigator North America NT 2012 Map Card User Manual

Model: FBA_38854NR

1. Introduction

The Garmin City Navigator North America NT 2012 Map Card provides detailed navigational data for your compatible Garmin GPS device. This map accessory card includes extensive coverage for the United States, Canada, Mexico, and Puerto Rico, ensuring comprehensive routing capabilities across North America.
It features detailed maps with highways, interstates, business, and residential roads, incorporating attributes such as turn restrictions, roundabout guidance, and speed categories. The map also displays nearly 6 million points of interest (POIs), including food and drink establishments, lodging, attractions, entertainment venues, shopping centers, emergency services, and more.

2. Setup and Installation

Installing your Garmin City Navigator map card is a straightforward process:

1. **Power Off Device:** Ensure your Garmin GPS device is completely powered off before attempting to insert or remove the map card.
2. **Locate Card Slot:** Identify the MicroSD card slot on your Garmin device. This is typically located on the side or under the battery cover.
3. **Insert Map Card:** Carefully insert the MicroSD map card into the slot until it clicks into place. If your device uses a standard SD card slot, use the provided SD adapter and insert the MicroSD card into the adapter first, then insert the adapter into your device.
4. **Power On Device:** Power on your Garmin device. The device should automatically detect the new map data.
5. **Acquire Satellite Lock:** For optimal performance, allow your device to acquire a satellite lock. The map data will then be ready for use.

Note: This map card is designed for NT compatible Garmin units and will automatically create point-to-point routes.

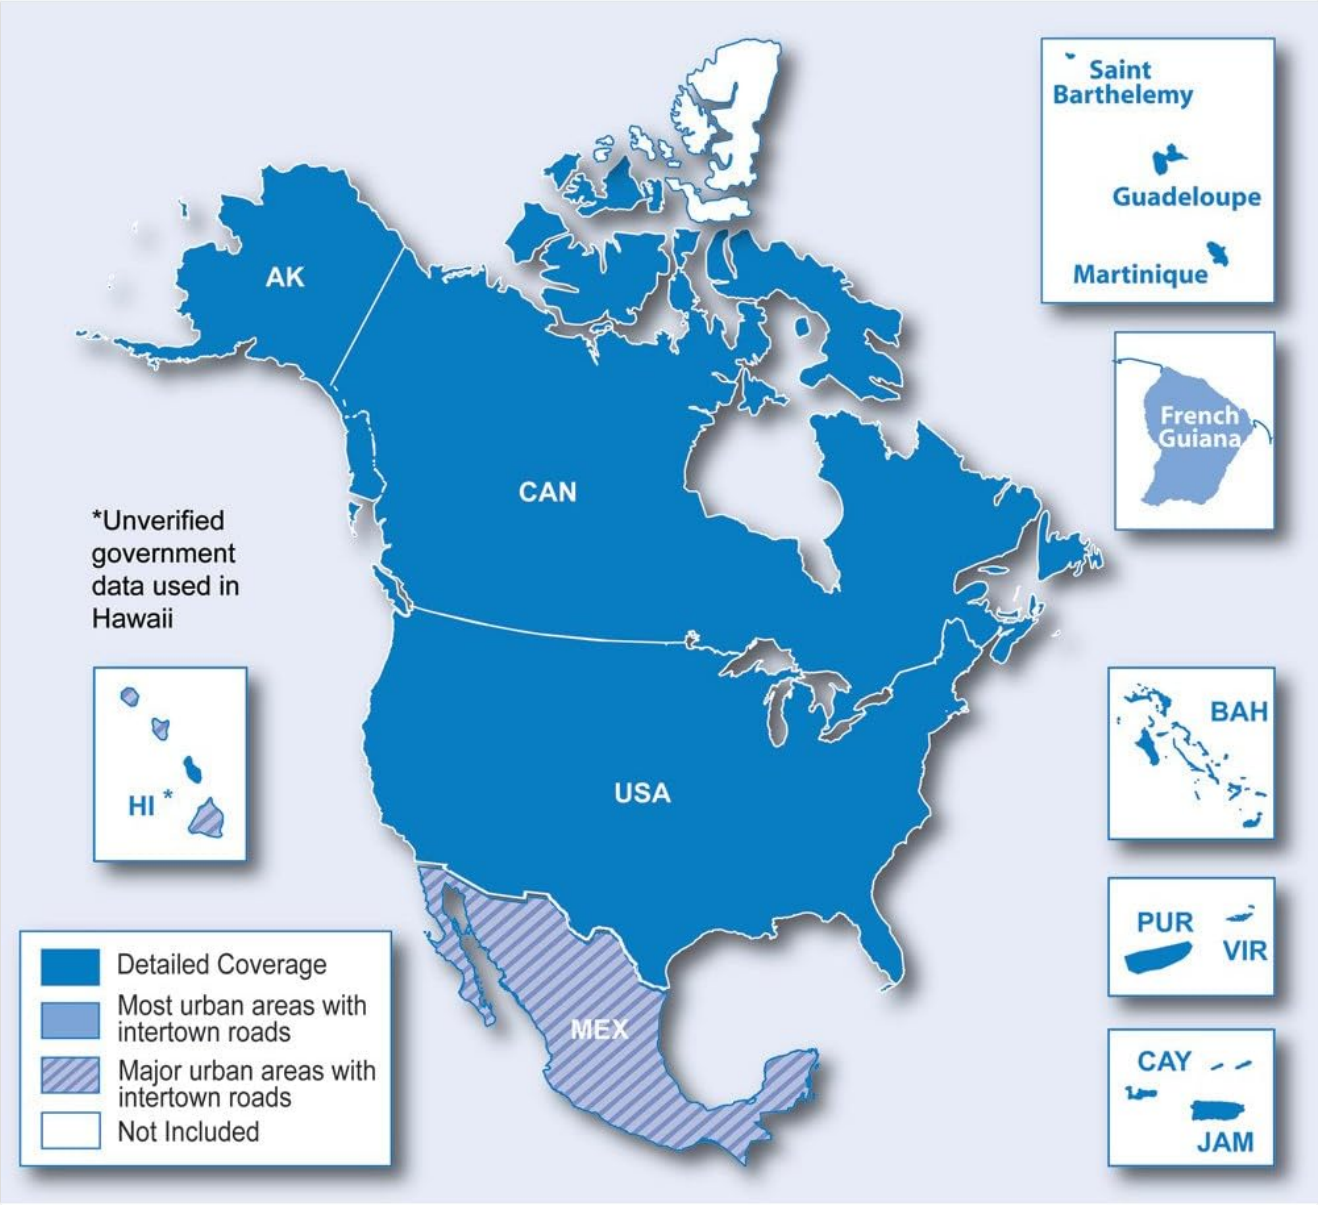
3. Operating the Map Card

Once installed, the City Navigator North America NT 2012 map data integrates seamlessly with your Garmin device's navigation functions:

- **Automatic Map Usage:** Your Garmin device will automatically use the detailed map data for routing and

displaying your current location.

- **Navigation Features:** Benefit from advanced navigation features such as turn-by-turn directions, lane assist, and realistic junction views (feature availability depends on your specific Garmin device model).
- **Points of Interest (POIs):** Easily search for and navigate to millions of POIs, including restaurants, hotels, gas stations, hospitals, and tourist attractions.
- **Route Planning:** Plan routes with confidence, utilizing the comprehensive road network and detailed street information.



This map illustrates the geographical coverage provided by the City Navigator North America NT 2012. It highlights detailed coverage for the United States (USA) and Canada (CAN), and major urban areas with intertown roads in Mexico (MEX). Also shown are covered islands such as Saint Barthelemy, Guadeloupe, Martinique, French Guiana, Bahamas (BAH), Puerto Rico (PUR), Virgin Islands (VIR), Cayman Islands (CAY), and Jamaica (JAM). Hawaii (HI) is noted with unverified government data. A legend indicates different levels of coverage: Detailed Coverage (dark blue), Most urban areas with intertown roads (light blue), Major urban areas with intertown roads (striped blue), and Not Included (white).

4. Maintenance

To ensure the longevity and proper functioning of your map card:

- **Handle with Care:** Avoid bending or dropping the card.

- **Keep Clean:** Keep the metal contacts on the card clean and free from dust or debris. Use a soft, dry cloth if cleaning is necessary.
- **Storage:** Store the map card in its protective case when not in use to prevent damage. Avoid exposing it to extreme temperatures or direct sunlight.
- **Avoid Moisture:** Keep the card dry. Moisture can damage the internal components.

5. Troubleshooting

If you encounter issues with your map card, consider the following:

- **Map Not Recognized:**
  - Ensure the map card is fully and correctly inserted into the device's slot.
  - Verify that your Garmin device model is compatible with the City Navigator North America NT 2012 map card.
  - Try restarting your Garmin device.
- **Navigation Errors or Inaccurate Routing:**
  - Ensure your device has a strong satellite signal.
  - Check your device's navigation settings to ensure the correct map is enabled (if applicable).
  - Verify that your device's firmware is up to date, as this can affect map processing.
- **Slow Map Loading:**
  - Large map files can take some time to load, especially on older devices. Allow sufficient time.
  - Ensure there are no other processes or applications running on your device that might be consuming resources.

6. Specifications

Feature	Detail
Product Dimensions	5.1 x 4.7 x 0.2 inches
Item Weight	0.64 ounces (18.14 g)
ASIN	B005F387NY
Item Model Number	FBA_38854NR
Map Type	North America
Included Components	1 x Map Card
Manufacturer	Garmin
Connectivity Technology	Bluetooth (Device Dependent)
Special Features	Lane Assist (Device Dependent)

7. Warranty and Support

For detailed warranty information, product registration, and technical support, please refer to the documentation

included with your Garmin GPS device or visit the official Garmin support website. Garmin provides resources and assistance for their products to ensure customer satisfaction.
You can typically find support information by visiting www.garmin.com/support or contacting Garmin customer service directly.
