Eureka E-39134-6

Eureka Canister Vacuum Cleaner Floor Tool Attachment User Manual

Model: E-39134-6

Introduction

This user manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your Eureka Canister Vacuum Cleaner Floor Tool Attachment. Please read this manual thoroughly before using the attachment to ensure optimal performance and longevity.

Product Overview

Key Features

- Genuine Eureka Part Number 39134-6.
- Designed as a rug floor tool attachment with a red litter picker.
- Equipped with black plastic front and rear wheels (1 1/4" diameter) for smooth movement.
- Features a friction-fit wand swivel elbow for easy attachment.
- No locking wand button hole, ensuring a simple push-on connection.

Compatibility

This floor tool attachment is compatible with a wide range of vacuum cleaner models, including but not limited to:

- **Eureka:** E-39134-6, Roto-Matic, 600-1700 series, 628A, 1200, 1600, 1700, 1800, 3500, 3700, 713B, 3988A, 8289A, 3123A, 3630A, 6000, 4000, 5000, 3670A, 3684D, Mini, 5500, 6500I, 9000, Z1-Z4, 1510A, 1756A, 6568A, 3670G.
- **Nutone:** VX475, VX475C, VX550, VX550C, VX1000, VX1000C, CV450, CV353, CV350, CV352, CV653, CV400, CV450W, CV750, CV850.
- **Oreck:** BB900DGR, BB870AS, BB280, BB850AD, BB850AS, BB850AW, BB870AD, BB870AW, BB900DGB.
- **Rainbow:** D2, D3, D4, SE, E, E2, E3.
- **Dirt Devil:** 082123, 2155, 2160, 2165.
- **Electrolux:** 30, G, 60, L, E, F, R, 1205, 1521, Silverado, Olympia, Diamond Jubilee, 2100.

Setup Instructions

1. **Identify Vacuum Wand:** Locate the end of your vacuum cleaner's wand or hose that accepts attachments. Ensure it is clean and free of debris.
2. **Align Attachment:** Take the Eureka Floor Tool Attachment. Align the friction-fit swivel elbow of the attachment with the opening of your vacuum wand/hose.
3. **Secure Connection:** Firmly push the attachment onto the wand/hose until it is securely seated. The friction fit should hold it in place without the need for a locking button.

4. **Test Connection:** Gently tug on the attachment to ensure it is firmly connected and will not detach during use.

Operating Instructions

This floor tool is designed for effective cleaning of various floor surfaces, particularly rugs and carpets, due to its litter picker feature.

- **General Use:** Once attached, turn on your vacuum cleaner. Guide the floor tool across the surface you wish to clean using steady, overlapping strokes.
- **Rug and Carpet Cleaning:** The red litter picker is designed to agitate and pick up debris from rugs and carpets. Move the tool slowly over these surfaces to allow the picker to effectively gather dirt and lint.
- **Hard Floor Use:** While primarily a rug tool, its smooth wheels allow for use on hard floors. However, for optimal hard floor cleaning, a dedicated hard floor tool may be more effective.
- **Maneuverability:** The swivel elbow allows for easy maneuverability around furniture and obstacles.

Maintenance

Regular maintenance ensures the longevity and efficiency of your floor tool attachment.

- **Clean Litter Picker:** Periodically inspect the red litter picker for tangled hair, threads, or large debris. Use scissors or a brush to carefully remove any obstructions.
- **Check Wheels:** Ensure the front and rear wheels are free of debris and spin smoothly. Clean any accumulated dirt or hair from the wheel axles.
- **Wipe Down:** Wipe the exterior of the attachment with a damp cloth to remove dust and grime. Do not immerse the attachment in water.
- **Inspect Connection:** Regularly check the friction-fit swivel elbow for any signs of wear or damage that might affect its connection to the vacuum wand.

Troubleshooting

Problem	Possible Cause	Solution
Attachment falls off wand.	Not pushed on firmly enough; wear on friction fit.	Push attachment firmly onto the wand. If wear is significant, consider replacing the attachment or using an adapter if available.
Reduced suction at the tool.	Clog in the tool or wand; vacuum bag/canister full; vacuum filter dirty.	Check the tool and wand for blockages and clear them. Empty vacuum bag/canister. Clean or replace vacuum filters.
Litter picker not effective.	Litter picker is clogged with debris.	Clean the red litter picker as described in the Maintenance section.
Wheels not rolling smoothly.	Hair or debris wrapped around axles.	Remove any hair or debris from the wheel axles.

Specifications

Brand	Eureka
Model Number	E-39134-6

Part Number	E-39134-6
UPC	616469478795
Material	Plastic
Color	Black
Item Weight	9.6 ounces
Product Dimensions	4 x 12 x 3 inches
Special Feature	Wheels, Red Litter Picker
Number of Wheels	4
Form Factor	Cannister (attachment for)
Indoor/Outdoor Usage	Indoor

Warranty and Support
