Schleich Riding Set (Model 42057) Instruction Manual

Detailed instructions for assembly, use, and care.

Introduction

This manual provides detailed instructions for the assembly, use, and care of your Schleich Riding Set, Model 42057. It includes information on product components, setup, operation, maintenance, and specifications to ensure proper handling and longevity of the product. Please read these instructions carefully before use.

Product Components

The Schleich Riding Set includes the following items:

- Rider Figure
- Saddle
- Bridle/Halter
- Horse Blanket

Note: A horse figure is not included with this set and must be purchased separately.

Setup Instructions

1. **Prepare the Horse Figure:** Ensure you have a compatible Schleich horse figure (not included).
2. **Attach the Horse Blanket:** Place the horse blanket onto the back of the horse figure. Position it centrally to cover the horse's back.
3. **Place the Saddle:** Carefully position the saddle over the horse blanket on the horse's back. Ensure it sits securely.
4. **Attach the Bridle/Halter:** Gently fit the bridle or halter onto the horse's head. Some bridles may require careful manipulation to fit around the horse's ears and muzzle. Note that the halter may not fit all larger Schleich horse models.
5. **Position the Rider Figure:** Place the rider figure onto the saddle. The rider is designed to sit in a riding position.

Operating Instructions

Once assembled, the Schleich Riding Set is ready for imaginative play. The set is designed to be used with most Schleich horse figures, allowing for versatile play scenarios.

- Engage in various riding activities, such as leisurely rides or adventurous gallops.
- The rider figure is designed to be posed on the horse for dynamic play.
- The accessories (saddle, bridle, blanket) are interchangeable with compatible Schleich horse figures.

Maintenance and Care

To ensure the longevity and appearance of your Schleich Riding Set, follow these care guidelines:

- **Cleaning:** Wipe figures and accessories with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the hand-painted details.
- **Storage:** Store the set in a clean, dry place away from direct sunlight and extreme temperatures to prevent fading or material degradation.
- **Handling:** While durable, the figures and accessories are highly detailed. Handle them gently to prevent breakage, especially with smaller parts like the bridle.

Troubleshooting

Issue	Possible Cause	Solution
Bridle/Halter does not fit the horse.	The horse figure may be too large or have a different head shape.	This set's halter is designed for most standard Schleich horses. It may not be compatible with all larger or uniquely shaped horse models. Try with a different horse figure if available.
Rider figure does not sit securely.	Incorrect positioning or incompatible horse figure.	Ensure the saddle is correctly placed and the rider's legs are positioned around the horse's body. The set is designed for most Schleich horse figures.
