## INSTALLATION

1. Secure the hanging mount to the pole (NTP ¾ thread).
2. Before attaching the camera to the hanging mount, remove the dome from the camera base.
3. Pass wires through and make all necessary connections.
4. Use the camera mounting screws (included with bracket) to secure the camera to the mount cap.
5. Adjust the camera lens modules' position and complete the installation by placing the dome cover on the

camera. See the camera's QSG for camera setup information.

**NOTE:** Do not touch the lenses when handling the camera modules.
