Chemical Guys CWS_402SW

Chemical Guys Mr. Pink Super Suds Car Wash Shampoo - 128 fl. oz (3.78 L)

Instruction Manual

Product Overview

The Chemical Guys Mr. Pink Super Suds Car Wash Shampoo is a premium, concentrated car wash soap designed to deliver a superior cleaning experience. Its advanced foaming technology creates thick, rich suds that effectively lift and encapsulate dirt and grime from your vehicle's surface, ensuring a scratch-free wash.

This pH-balanced formula is safe for all vehicle surfaces, including those with existing wax, sealant, or ceramic coatings. It rinses clean without leaving streaks or residue, revealing a brilliant shine. Enjoy the pleasant candy scent during your car washing routine.

- **Over 10 Years of Customer Satisfaction:** Mr. Pink has been a top-rated product since 2012, trusted by thousands of car enthusiasts.
- **Foaming Fun:** Generates abundant, thick suds for an effective and enjoyable wash.
- **Versatile Application:** Can be used with a wash mitt and bucket, a foam gun connected to a garden hose, or a foam cannon with a pressure washer.
- **Concentrated Formula:** A small amount creates a large volume of foam, making it highly efficient.
- **pH-Balanced:** Safe for all paint finishes, waxes, sealants, and ceramic coatings.
- **Candy Scent:** Enhances the washing experience with a pleasant aroma.

MR.PINK
SUPER SUDS SHAMPOO SUPERIOR SURFACE CLEANSER
Mr.Pink is the latest innovation in detailing shampoo technology. Mr. Pink is a strong superior cleaning shampoo that delivers remarkably amazing cleaning results through a consistent release of foaming bubbles. Mr.Pink is uniquely formulated with advanced foaming technology that works by suspending super polymers within each bubble allowing grime and built up dirt to be easily and effortlessly rinsed away. The unique lubricity of Mr.Pink loosens abrasive residue and allows it to be rinsed away without scratching the surface. The advanced foaming technology within the all purpose super foaming shampoo, Mr.Pink works specifically to remove grime, build up, and dirt through the use of premium super polymers that are suspended within the confines of a consistent discharge of foaming bubbles. Mr.Pink turns your car wash into a foam party!
Directions: Always start by washing the tires and wheels first - Don't use the same wash water on your car's paint as you do your tires and wheels - Mix one cap full of product with one gallon of water in a clean wash bucket - Always wash vehicle when the surface is cool - Rinse the vehicle with water to remove loose grit and surface dirt - Start washing from the top down and rinse the car often. Frequent rinsing is important if you are washing on a warm day. Do not allow the soapy water to dry on your paint - Use a final rinse of free-flowing water (nozzle off the hose) allowing the water to sheet off the car.
MR. PINK SUPER SUDS CAR SHAMPOO
WARNING! MAY BE HARMFUL IF SWALLOWED. CAUSES EYE IRRITATION.
If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. IF SWALLOWED: Immediately call POISON CONTROL CENTER or doctor/physician. Rinse Mouth. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persist: get medical advice/attention. Safety Information

Always read and follow all instructions and warnings on the product label before use.

- **Keep out of reach of children.**
- Avoid contact with eyes. In case of contact, rinse thoroughly with water for several minutes.
- Do not ingest. If swallowed, seek medical attention immediately.
- Use in a well-ventilated area.
- Wear appropriate personal protective equipment, such as gloves and eye protection, to prevent skin and eye irritation.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.

Setup and Preparation

Before applying the car wash shampoo, ensure your vehicle is cool to the touch and parked in a shaded area to prevent premature drying of the soap.

Dilution Ratios:

- **For Foam Cannon/Foam Gun:** Add 1 to 3 fluid ounces (30-90 ml) of Mr. Pink Car Wash Shampoo to a 32 oz (946 ml) solution bottle, then fill the rest with warm water. Adjust concentration based on desired foam level and cleaning power.
- **For Bucket Wash:** Add 1 to 3 fluid ounces (30-90 ml) of Mr. Pink Car Wash Shampoo to a 5-gallon (19-liter) wash bucket. Fill the bucket with a strong stream of water to activate suds.

Operating Instructions

Using a Foam Cannon or Foam Gun:

1. **Prepare Solution:** Fill the foam cannon/gun bottle with warm water and add 1 to 3 fluid ounces of Mr. Pink Car Wash Shampoo. Gently shake to mix.
2. **Pre-Rinse Vehicle:** Rinse the entire vehicle thoroughly with clean water to remove loose dirt and debris.
3. **Apply Foam:** Attach the foam cannon to your pressure washer or foam gun to your garden hose. Spray a thick, even layer of foam over the entire vehicle, starting from the top and working your way down.
4. **Allow Dwell Time:** Let the foam dwell on the surface for 2 to 3 minutes to loosen dirt and grime. Do not allow the foam to dry on the vehicle's surface.
5. **Wash Surface:** For heavily soiled areas, use a clean wash mitt to gently agitate the foam on the surface.
6. **Rinse Thoroughly:** Rinse the vehicle completely with clean water, starting from the top, until all foam and soap residue are gone.
7. **Dry Vehicle:** Immediately dry the vehicle with a clean microfiber drying towel to prevent water spots.

Using a Wash Bucket:

1. **Prepare Solution:** Add 1 to 3 fluid ounces of Mr. Pink Car Wash Shampoo to a 5-gallon wash bucket. Fill with a strong stream of water to create rich suds.
2. **Pre-Rinse Vehicle:** Rinse the entire vehicle thoroughly with clean water to remove loose dirt and debris.
3. **Wash Surface:** Dip a clean wash mitt into the soapy water and wash one section of the vehicle at a time, starting from the top. Rinse the mitt frequently in a separate rinse bucket to avoid transferring dirt back to the vehicle.
4. **Rinse Thoroughly:** Rinse each section immediately after washing with clean water. Once the entire vehicle is washed, perform a final rinse from top to bottom.
5. **Dry Vehicle:** Immediately dry the vehicle with a clean microfiber drying towel to prevent water spots.

Maintenance

To maintain the effectiveness and quality of your Chemical Guys Mr. Pink Super Suds Car Wash Shampoo, follow these guidelines:

- **Storage:** Store the product in its original container, tightly sealed, in a cool, dry place away from direct sunlight and extreme temperatures.
- **Shelf Life:** When stored properly, the product maintains its efficacy for an extended period. Refer to the batch code on the bottle for manufacturing date if needed.
- **Container Care:** Ensure the cap is securely fastened after each use to prevent contamination or evaporation.

Troubleshooting

If you encounter issues while using Mr. Pink Car Wash Shampoo, consider the following:

- **Insufficient Suds:**
  - Ensure proper dilution ratio. Increase the amount of shampoo if necessary.
  - For bucket washes, use a strong stream of water to agitate the soap and create more suds.
  - For foam cannons/guns, check the water pressure and ensure the device is functioning correctly.
- **Streaks or Residue:**
  - Ensure the vehicle is rinsed thoroughly with clean water after washing.
  - Do not allow the soap to dry on the vehicle's surface, especially in direct sunlight.
  - Dry the vehicle immediately after rinsing with a clean, absorbent drying towel.
- **Poor Cleaning Performance:**
  - Increase the concentration of the shampoo.
  - Allow adequate dwell time for the foam to loosen dirt.
  - Use a clean wash mitt and gently agitate heavily soiled areas.

Specifications

Brand	Chemical Guys
Model Number	CWS_402SW
Product Form	Liquid
Fragrance	Candy
Item Volume	128 fl. oz (3.78 L / 3784 Milliliters)
