Assembly Instructions

Refer to the included step-by-step building guide for detailed assembly instructions. Sort pieces by color and size to facilitate the building process. Ensure all connections are secure to maintain model integrity.

Operating Features

Bomb-Release Function

To activate the bomb-release function, locate the designated mechanism on the Droid Gunship. Press or slide the lever to release the bombs from the underside of the craft.

Spring-Loaded Shooters

The Droid Gunship is equipped with dual side-mounted, spring-loaded shooters. Load the projectiles into the launchers and press the trigger mechanism to fire.

Adjustable Laser Cannons

The front-mounted laser cannons can be adjusted to various angles. Manually position them to simulate different attack postures.

Detachable Front Section

The front section of the Droid Gunship is designed to detach. Gently pull the front section away from the main body to separate it.

Opening Cockpit

The cockpit canopy can be opened to place or remove minifigures. Lift the canopy upwards to access the interior.

Retractable Landing Gear

The landing gear and hatches are retractable. Fold them up into the gunship's body for flight mode or extend them for landing.

Maintenance

To keep your LEGO Droid Gunship in optimal condition, regularly dust the model with a soft brush or cloth. Avoid using harsh chemicals or abrasive materials. Store the model away from direct sunlight and extreme temperatures to prevent discoloration or damage to the plastic elements.

Troubleshooting

Missing Pieces

If you find any pieces missing during assembly, please contact LEGO Customer Service. Do not attempt to substitute with non-LEGO parts.

Assembly Difficulties

If you encounter difficulties during assembly, re-examine the instruction manual carefully. Ensure all pieces are correctly oriented and firmly connected. Online building guides and support are also available on the official LEGO website.
