Q.C.PASSED

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for

compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

CE

CE Warning:

This is a class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

[FS.COM](#) GmbH hereby declares that this device is in compliance with the Directive 2014/30/EU, 2014/35/EU, 2011/65/EU and (EU)2015/863. A copy of the EU Declaration of Conformity is available at www.fs.com/company/quality_control.html.

FS.COM GmbH

Röntgenstraße 18, 85757 Karlsfeld, Germany

Caution shock hazard, disconnect all power sources.

UKCA

Hereby, FS.COM Innovation Ltd declares that this device is in compliance with the Directive SI 2016 No. 1091, SI 2016 No. 1101 and SI 2012 NO. 3032.

[FS.COM](#) INNOVATION LTD

Unit 8, Urban Express Park, Union Way, Aston, Birmingham, B6 7FH, United Kingdom

ISED

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canadian CAN ICES (A) / NMB (A).

300665

WEEE

This appliance is labelled in accordance with European Directive 2012/19/EU concerning waste electrical and electronic equipment (WEEE). The Directive determines the framework for the return and recycling of used appliances as applicable throughout the European Union. This label is applied to various products to indicate that the product is not to be thrown away, but rather reclaimed upon end of life per this Directive.

Ground Conductor

This equipment must be grounded. Never defeat the ground conductor or operate the equipment in the absence of a suitably installed ground conductor. Contact the appropriate electrical inspection authority or an electrician if you are uncertain that suitable grounding is available.

A power cord connected to a socket-outlet with earthing connection.

Lithium Battery Warning

- There is a risk of explosion if the battery is replaced by an incorrect type.

- Replace the battery only with the same or equivalent type.
- Dispose used batteries according to the local laws and regulations regarding safe disposal of lithium batteries.
- Disposal of a battery into a fire or by crushing or puncturing it can result in an explosion.
- Leaving a battery in an extremely high temperature environment can result in an explosion or the leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
- Installation should be done only by a trained electrician who knows all installation procedures and device specifications.
- Do not ingest battery. Chemical burn hazard. This product contains a coin/ button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries could have been swallowed or placed inside any part of the body, seek immediate medical attention.
