GE 93129087 Cync Smart A19 with Life Remote Smart Hub

Installation & set up

Press

any button on the control to initiate setup. LED indicator light will blink until app set up is complete

Install
your
Smart Bulb

Download
the
CYNc app

Add
your Smart Remote and
Smart Bulb to the same
room in the CYNc app

What you can do with your Smart Remote

Dim lights without leaving the couch

Go to the CYNc app. Add your Smart Remote and Smart Light to the same room or group. Use the Remote to dim your light.

Turn on your fan from the bed

Go to the CYNc app. Add your Smart Remote and Smart Plug to the same room or group. Plug your desk fan into the Smart Plug. Use the Remote to turn your fan on or off. (plug sold separately).

Control lights in rooms with multiple entrances

Go to the CYNc app. Add your Smart Remote and Smart Switch to the same room or group. Place the Remote near the door that doesn't have a switch. (switch sold separately).

Conveniently control your smart lights
