Maintenance and Care

DVD Disc Care

- Always handle the DVD by its edges to avoid fingerprints and scratches on the playing surface.
- Store the disc in its original case when not in use, away from direct sunlight and extreme temperatures.
- To clean the disc, gently wipe the playing surface with a soft, lint-free cloth from the center outwards. Do not use abrasive cleaners or solvents.

Troubleshooting

DVD Playback Issues

- **Disc not recognized:** Ensure the disc is clean and free of scratches. Try playing it in another DVD player or computer drive to rule out a player issue.
- **Skipping or freezing:** Clean the disc as described in the Maintenance section. Check for any visible damage to the disc.
- **No audio/video:** Verify that your DVD player is correctly connected to your TV/monitor and audio system. Check audio settings on your player and TV.

Digital Copy Issues

- **Redemption code not working:** Double-check that you have entered the code correctly. Ensure the code has not expired (check the terms on the insert). Contact the digital copy provider's support if issues persist.
- **Streaming/Download problems:** Verify your internet connection is stable. Ensure your device meets the minimum system requirements for the digital platform.
