### Imperii Electronics TE.03.0060.02

# Imperii Electronics Smartwatch TE.03.0060.02 User Manual

Model: TE.03.0060.02

## 1. Introduction

Thank you for choosing the Imperii Electronics Smartwatch TE.03.0060.02. This manual provides essential information for setting up, operating, and maintaining your new smartwatch. Please read these instructions carefully before use to ensure optimal performance and longevity of your device.

Figure 1: Imperii Electronics Smartwatch TE.03.0060.02. This image shows the white smartwatch from an angled perspective, highlighting its digital display with the time (22:10) and various application icons.

## 2. Product Overview and Features

The Imperii Electronics Smartwatch TE.03.0060.02 is a versatile Bluetooth-enabled device designed to enhance your daily connectivity. Key features include:

- **Bluetooth Connectivity:** Connects wirelessly to your smartphone.
- **Call Management:** Make and receive calls directly from your wrist.
- **Notifications:** Receive alerts for messages and other smartphone activities. *(Note: SMS and general notifications*

*are not available with iOS devices.)*

- **Music Playback:** Control and listen to music for approximately 6 hours on a full charge.
- **Remote Camera Control:** Trigger your smartphone's camera remotely. *(Note: This function is not available with iOS devices.)*
- **Long Standby Time:** Efficient power management for extended use.

## 3. Setup

### 3.1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the charging cable to the smartwatch and a compatible USB power source. A full charge typically takes approximately 1 hour.

- Ensure the charging contacts on the smartwatch and cable are clean and dry.
- The battery indicator on the screen will show charging progress.
- Disconnect the charger once the battery is full to preserve battery life.

### 3.2. Powering On/Off

- **To Power On:** Press and hold the power button (usually located on the side) until the screen illuminates.
- **To Power Off:** Press and hold the power button, then select 'Power Off' on the screen.

### 3.3. Bluetooth Pairing with Your Smartphone

To unlock the full functionality of your smartwatch, pair it with your smartphone via Bluetooth.

1. Ensure your smartwatch is powered on and fully charged.
2. On your smartphone, go to **Settings** > **Bluetooth** and turn Bluetooth on.
3. On your smartwatch, navigate to the Bluetooth menu and select 'Search new device' or 'Visibility'.
4. On your smartphone, select the smartwatch (e.g., 'TE.03.0060.02' or similar name) from the list of available devices.
5. Confirm the pairing request on both devices if prompted.
6. Once paired, the smartwatch will indicate a successful connection. The effective range for Bluetooth connection is approximately 10 meters.

***Important Note for iOS Users:*** *Due to Apple's operating system restrictions, certain functions such as remote camera control, notifications, and direct SMS access are not available when paired with an iOS device.*

## 4. Operating the Smartwatch

### 4.1. Basic Navigation

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and applications. Tap to select.
- **Side Button:** Typically acts as a power button, screen on/off, or a 'back' function depending on the context.

### 4.2. Making and Receiving Calls

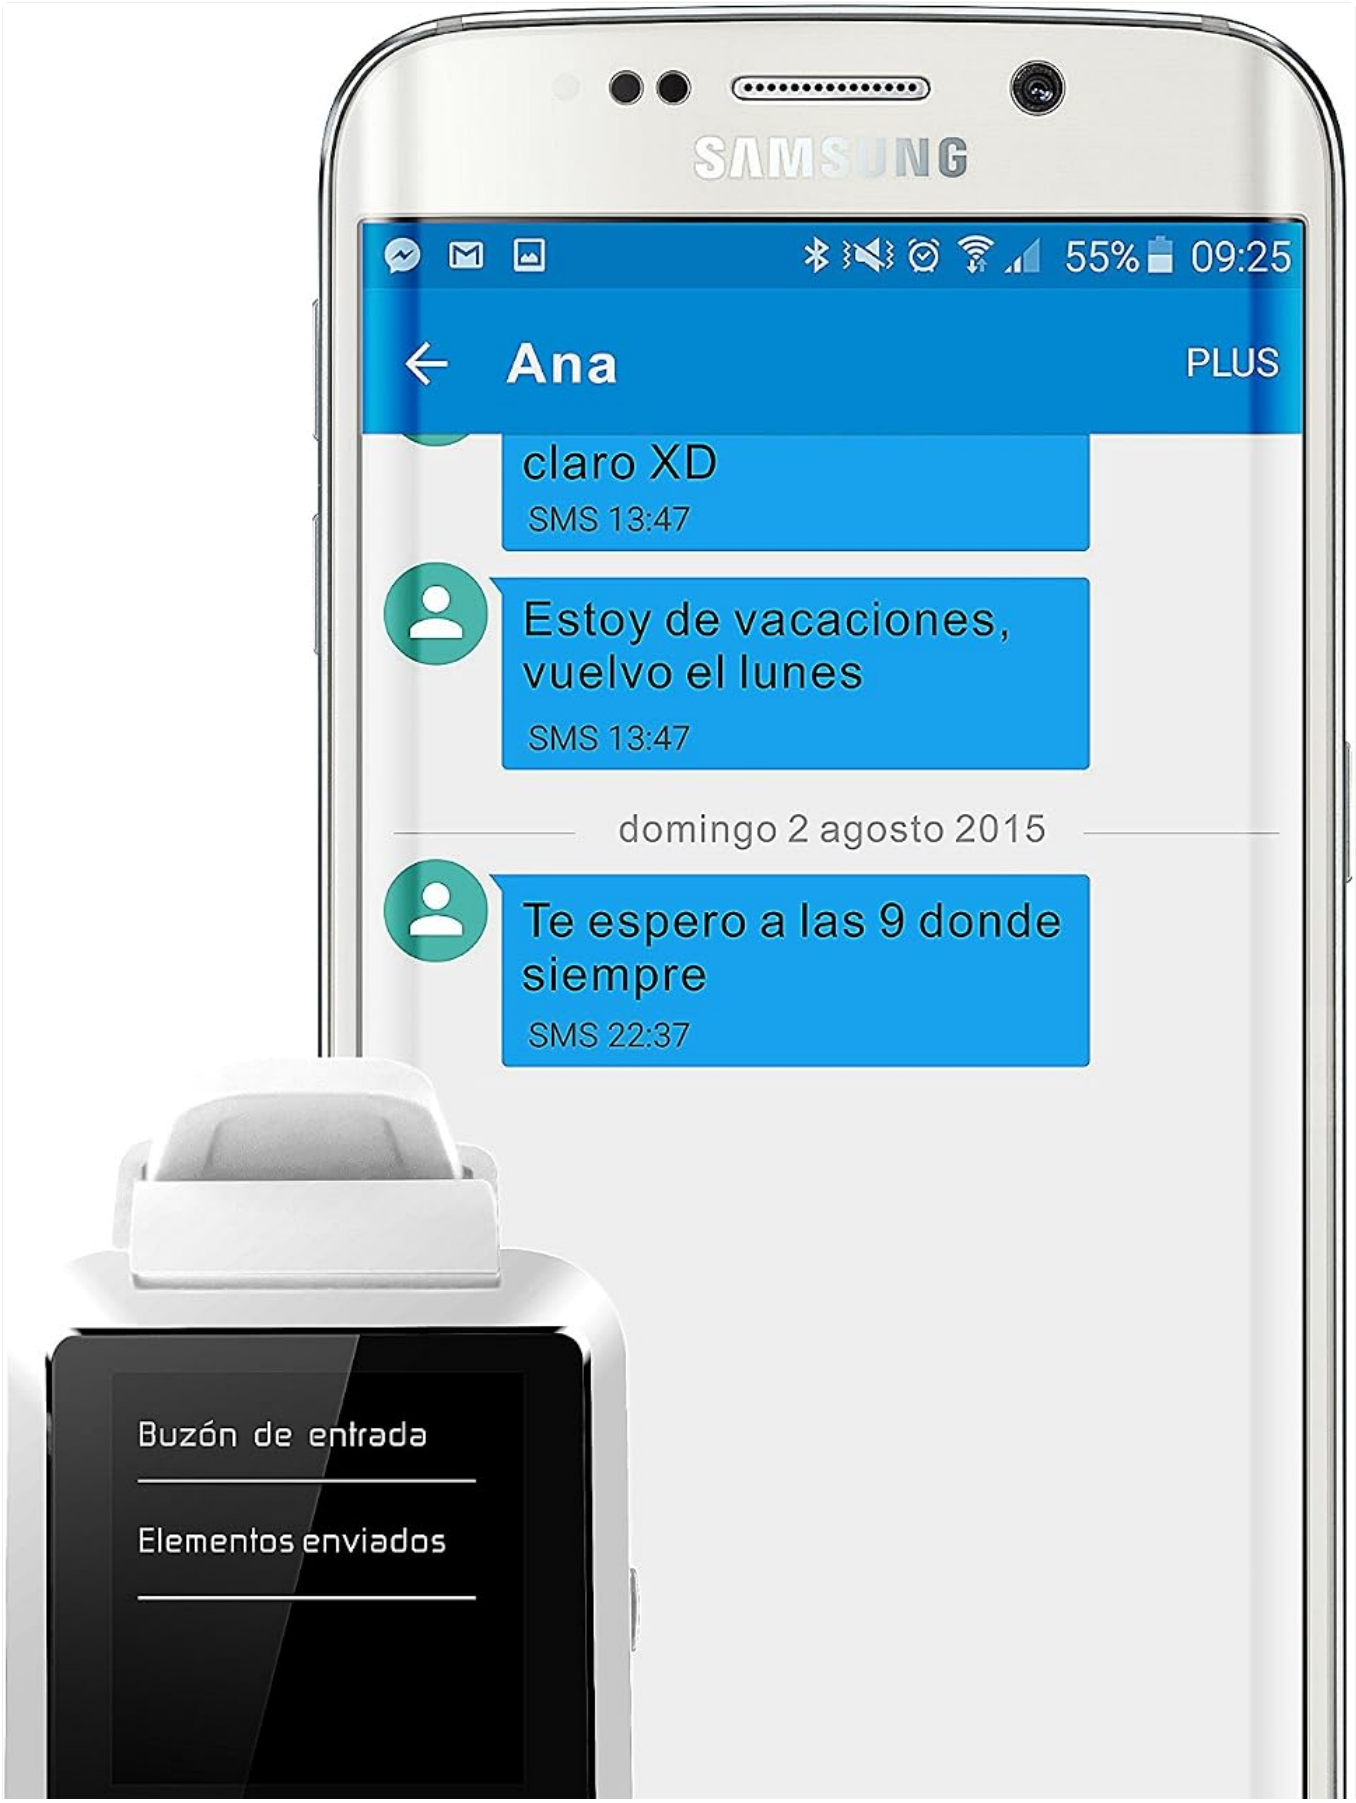
Once paired with your smartphone, you can manage calls directly from your smartwatch.

- **Making a Call:** Access the dialer or contacts list on your smartwatch to initiate a call.
- **Receiving a Call:** When a call comes in, the smartwatch will ring and display caller ID. Tap the green icon to answer or the red icon to reject.

- **Talk Time:** The smartwatch offers approximately 3 hours of talk time on a full charge.
- **Ambient Noise:** The device is designed to operate effectively in environments with ambient noise levels up to 75dB.

### 4.3. Notifications and SMS

Your smartwatch can display notifications from your paired smartphone.



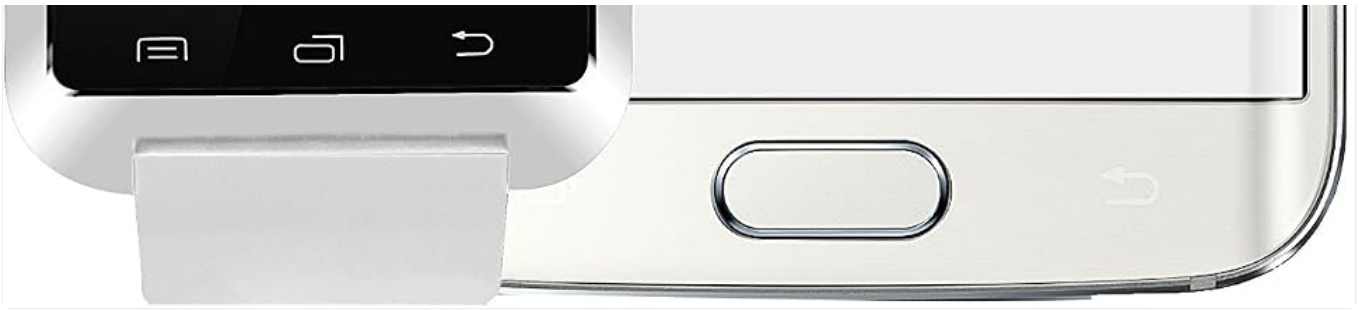


Figure 2: Smartwatch displaying an inbox menu, positioned next to a smartphone showing a conversation of SMS messages. This illustrates the notification and messaging capabilities when paired with an Android device.

- Ensure the necessary notification permissions are granted on your smartphone for the smartwatch app (if applicable).
- **SMS:** You can view and manage SMS messages. *(Note: Direct SMS access and notifications are not available with iOS devices.)*

### 4.4. Music Playback

Control music playing on your smartphone directly from your smartwatch.

- Navigate to the music player application on your smartwatch.
- You can play, pause, skip tracks, and adjust volume.
- Music playback time is approximately 6 hours on a full charge.

### 4.5. Remote Camera

Use your smartwatch as a remote shutter for your smartphone's camera.

- Open the remote camera application on your smartwatch.
- Ensure your smartphone's camera app is open.
- Tap the shutter icon on your smartwatch to take a photo.
- ***Note:*** *This function is not available with iOS devices.*

## 5. Maintenance

### 5.1. Cleaning

- Wipe the smartwatch screen and body with a soft, dry, lint-free cloth.
- For stubborn marks, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.
- Ensure the charging contacts are kept clean and free of debris.

### 5.2. Battery Care

- Avoid fully discharging the battery frequently.
- Store the smartwatch in a cool, dry place when not in use for extended periods.
- Do not expose the device to extreme temperatures.

## 6. Troubleshooting

### 6.1. Smartwatch Not Turning On

- Ensure the battery is charged. Connect to the charger for at least 15 minutes.

- Press and hold the power button for an extended period (10-15 seconds).

### 6.2. Bluetooth Connectivity Issues

- Ensure Bluetooth is enabled on both the smartwatch and smartphone.
- Make sure both devices are within the 10-meter Bluetooth range.
- Try unpairing and re-pairing the devices.
- Restart both the smartwatch and smartphone.

### 6.3. Notifications Not Appearing (iOS Specific)

- As stated previously, certain notification types, remote camera, and SMS access are not supported on iOS devices due to system limitations. This is expected behavior.
- For Android devices, ensure all necessary permissions are granted to the companion app (if applicable) and in your phone's notification settings.

### 6.4. Short Battery Life

- Reduce screen brightness.
- Close unused applications.
- Ensure the smartwatch is fully charged before use.
- Frequent calls or music playback will consume battery faster.

## 7. Specifications

| Feature | Specification |
|---|---|
| Model Number | TE.03.0060.02 |
| Brand | Imperii Electronics |
| Material | Steel, Silicone |
| Battery Type | 2 Product-specific batteries (included) |
| Charging Time | Approx. 1 hour |
| Talk Time | Approx. 3 hours |
| Music Playback Time | Approx. 6 hours |
| Bluetooth Range | ≥10 meters |
| Ambient Noise Limit | ≤75dB |
| Package Dimensions | 10.7 x 10.3 x 9.5 cm |
| Package Weight | 140 g |

## 8. Warranty and Support
