Frigidaire EFIC108-RED

Frigidaire EFIC108 Countertop Portable Ice Maker

User Manual

1. Introduction

This manual provides detailed instructions for the safe and efficient operation, maintenance, and troubleshooting of your new Frigidaire EFIC108 Countertop Portable Ice Maker. Please read this manual thoroughly before using the appliance and keep it for future reference.

2. Important Safety Instructions

To reduce the risk of fire, electric shock, or injury when using your ice maker, follow these basic precautions:

- Read all instructions before use.
- Connect to properly grounded outlets only.
- Do not immerse cord, plug, or any part of the unit in water or other liquids.
- Close supervision is necessary when the appliance is used by or near children.
- Unplug from outlet when not in use or before cleaning.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Ensure proper ventilation around the unit.

3. Product Overview

The Frigidaire EFIC108 is a compact and sleek countertop ice maker designed for convenience and efficiency. It produces bullet-shaped ice cubes quickly, making it ideal for daily use, family gatherings, or summer parties.

The Frigidaire EFIC108 ice maker, showcasing its compact design and vibrant red finish.

This image highlights the sleek and compact nature of the ice maker, emphasizing its ability to produce up to 26 lbs of bullet-shaped ice daily.

Key features of the ice maker, including a stylish viewing window, a convenient drain plug for easy cleaning, a large 1.5 lbs ice basket, and an included ice scoop.

A close-up of the intuitive digital LED control panel, showing indicators for 'Add Water', 'Ice Full', 'Power', and buttons for 'ON/OFF' and 'Select' ice cube size (S/L).

Key Features:

- Produces up to 26 lbs of ice per day.
- Offers two different ice cube sizes (Small and Large).
- Features a 2.3 Quart water reservoir.
- Equipped with soft-touch electronic controls and LED indicators.
- Includes a built-in air outlet fan for efficient operation.
- Comes with an ice scoop and user manual.

4. Initial Setup

Setting up your Frigidaire EFIC108 ice maker is straightforward and requires no complex installation:

1. **Unpack:** Carefully remove the ice maker and all accessories from its packaging.

2. **Placement:** Place the unit on a stable, level surface away from direct sunlight and heat sources. Ensure adequate ventilation around the unit.
3. **Clean:** Before first use, clean the interior of the ice maker and the ice basket with a soft cloth and mild detergent. Rinse thoroughly.
4. **Add Water:** Open the lid and fill the water reservoir with potable water up to the MAX fill line. Do not overfill.
5. **Plug In:** Plug the power cord into a grounded electrical outlet.

5. Operating Instructions

Your Frigidaire ice maker is designed for simple operation:

1. **Power On:** Press the **ON/OFF** button on the control panel. The Power indicator light will illuminate.
2. **Select Ice Size:** Press the **SELECT** button to choose your desired ice cube size: **S** (Small) or **L** (Large). The corresponding indicator light will illuminate.
3. **Ice Production:** The ice maker will begin the ice-making cycle. The first batch of ice can be ready in as little as 6 minutes, depending on the selected size and ambient temperature.
4. **Ice Full Notification:** When the ice basket is full, the **ICE FULL** indicator light will turn on, and the unit will pause ice production. Remove ice from the basket to resume operation.
5. **Add Water Notification:** If the water level in the reservoir is too low, the **ADD WATER** indicator light will turn on. Add more water to the reservoir to continue ice production.
6. **Power Off:** To stop ice production, press the **ON/OFF** button again.

The ice maker in action, demonstrating its fast ice production capability, producing up to 9 cubes every 9 minutes with two size options.

6. Maintenance

Regular cleaning and maintenance will ensure the longevity and optimal performance of your ice maker:

- **Daily Cleaning:** After each use, drain any remaining water from the reservoir using the drain plug located at the bottom of the unit. Wipe the interior with a soft cloth.
- **Weekly Cleaning:** For a more thorough cleaning, use a solution of water and vinegar or a mild detergent. Clean the ice basket, water reservoir, and ice-making components. Rinse thoroughly with clean water.
- **Exterior Cleaning:** Wipe the exterior of the unit with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the ice maker for an extended period, ensure it is completely dry. Store it in a cool, dry place.

7. Troubleshooting Guide

Before contacting customer support, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Ice maker not producing ice.	No water in reservoir; unit not plugged in; ambient temperature too high.	Add water; ensure unit is plugged in and power is on; move unit to a cooler location.
"ADD WATER" indicator is on.	Water level is low.	Fill the water reservoir with potable water.
"ICE FULL" indicator is on.	Ice basket is full.	Remove ice from the basket.
Ice cubes are small or clumpy.	Water temperature too high; unit needs cleaning.	Use colder water; perform a thorough cleaning cycle.

For more detailed troubleshooting or issues not listed here, please refer to the complete user manual available in PDF format: Frigidaire EFIC108 User Manual (PDF).
