Maintenance

- **Cleaning the Case:** Use a soft, dry cloth to gently wipe the wooden case. Avoid abrasive cleaners or polishes that may damage the finish.
- **Cleaning the Glass:** Use a soft, lint-free cloth and a non-ammonia glass cleaner to clean the flat glass crystal. Spray the cleaner onto the cloth, not directly onto the glass, to prevent liquid from seeping into the clock mechanism.
- **Battery Replacement:** Replace the AA battery annually or when the clock begins to lose time. Remove the old battery and insert a new one, observing polarity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can fade the wood finish. Position the clock away from direct sunlight.
