Waterdrop WD-PT-04C

Waterdrop Water Filter Pitcher User Manual

Brand: Waterdrop | Model: WD-PT-04C

Product Overview

The Waterdrop Water Filter Pitcher is designed to provide clean, great-tasting water for your household. Featuring a hands-free, innovative spout lid, it offers convenient refilling and a dust-resistant solution. The pitcher is NSF certified, ensuring effective reduction of chlorine, PFOA/PFOS, odor, iron, and metal ions, while improving overall water taste.

Key Features:

- **Exceptional Quality:** Hands-free spout lid for easy refilling and dust protection.
- **Natural Wood Handle:** Ergonomically designed for comfortable handling. Fits most refrigerator side doors.
- **NSF Certified:** Reduces chlorine by up to 97.4%, PFOA/PFOS, odor, iron, and metal ions.
- **Extended Filter Lifespan:** Filter lasts up to 200 gallons, providing longer purification.
- **Intelligent Indicator:** Monitors water quality and indicates when filter replacement is needed.

Convenience Meets Safety in Every Detail

What's in the Box

Your Waterdrop Water Filter Pitcher package includes the following items:

- Water Filter Pitcher System *1
- Pitcher Filter Replacement *1
- User's Manual *1

Setup Guide

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Wash Pitcher:** Wash the pitcher, lid, and filter housing with mild detergent and rinse thoroughly. Do not wash the filter itself with soap.
3. **Prepare Filter:** Submerge the new filter in cold water for 15 minutes to remove any air bubbles.
4. **Insert Filter:** Firmly insert the prepared filter into the filter housing until it clicks into place.
5. **Assemble:** Place the filter housing with the filter into the pitcher. Secure the lid on top of the pitcher.
6. **Initial Fill:** Fill the pitcher with tap water through the hands-free inlet. Discard the first two full pitchers of filtered water to flush the system and activate the filter.

Operating Instructions

Using your Waterdrop Water Filter Pitcher is simple and efficient:

1. **Filling the Pitcher:** Place the pitcher under your faucet. The hands-free spout lid will automatically open to allow water to flow into the filter housing.
2. **Filtration Process:** Water will quickly filter through the multi-stage filtration system into the main reservoir of the pitcher. The advanced design ensures a fast flow rate for instant freshness.
3. **Pouring Water:** Simply tilt the pitcher to pour filtered water. The dust-proof spout ensures clean water delivery.

Maintenance

Filter Replacement:

The filter has an extended lifespan of up to 200 gallons. The intelligent indicator on the lid will help you monitor the filter's remaining life.

- **Blue Light:** Indicates good filter status.

- **Flashing Red Light:** Indicates filter needs replacement soon (within 10 days).
- **Solid Red Light:** Indicates filter needs immediate replacement.

To replace the filter:

1. Remove the lid and the filter housing from the pitcher.
2. Pull out the old filter from the housing.
3. Prepare and insert a new filter as described in the "Setup Guide".
4. After replacing the filter, hold the button on the lid for 5 seconds until the blue light flashes to reset the filter life record.

Cleaning:

Regular cleaning of the pitcher components (excluding the filter) is recommended to maintain hygiene. Wash with warm, soapy water and rinse thoroughly. The pitcher is not dishwasher safe.

Troubleshooting

If you encounter any issues with your Waterdrop Water Filter Pitcher, please refer to the following common solutions:

- **Slow Filtration:** Ensure the filter is properly seated in the housing. If the filter is old, it may be clogged and require replacement.
- **Unusual Taste/Odor:** This typically indicates that the filter has reached the end of its lifespan and needs to be replaced. Ensure you have flushed the first two pitchers of water after a new filter installation.
- **Indicator Light Not Working:** Check if the battery (if applicable) needs replacement or if the button was held long enough to reset.

For further assistance, please contact Waterdrop customer support.

Specifications

Feature	Detail
Model Number	WD-PT-04C
Product Dimensions	10.4"L x 5"W x 10.1"H
Item Weight	2.6 Pounds
Filter Lifespan	Up to 200 Gallons
Certifications	NSF42, NSF372
Special Feature	NSF certified, Chlorine Reduction
Installation Type	Countertop
Power Source	Non Electric
