

LG Stacking Kit Washing Machine Owner's Manual

[Home](#) » [LG](#) » LG Stacking Kit Washing Machine Owner's Manual

Before beginning installation, read these instructions carefully. This will simplify installation and ensure that the product is installed correctly and safely. Leave these instructions near the product after installation for future reference.

WARNING

- Improper installation can cause serious accidents.
- It is very dangerous for one person to install the dryer on top of another appliance because of the weight and size of the dryer. Have two or more people perform the installation or get help from a professional installer.
- The Dryer is not suitable for built-in installation. Do not perform a built-in installation.
- Do not operate the dryer while it is disassembled.
- Disconnect the power plug from the outlet before installing the dryer on top.
- This stacking kit can only be installed with compatible LG washers and dryers. Installing the stacking kit with a third-party washing machine or dryer (for any reason) may result in injury or property damage.
- Do not place objects weighing more than 16 kg on the shelf of the stacking kit. (For any reason) This may result in property damage
- Do not place children on the shelf of the stacking kit. This could result in personal injury.
- This stacking kit is not compatible with any TWIN wash installation. Stand-alone dryers cannot be stacked on

top of TWIN wash sets.
