BanBao 7103

BanBao Fire Rescue Team Building Kit Model 7103

Instruction Manual

Introduction

Thank you for choosing the BanBao Fire Rescue Team Building Kit, Model 7103. This kit allows you to construct a detailed fire truck and minifigures, providing an engaging building experience. This manual contains important information regarding the assembly, safe use, and maintenance of your building set. Please read it thoroughly before beginning assembly.

Safety Information

- **Small Parts Warning:** This kit contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly and play, especially for younger children.
- **Material Safety:** The building blocks are made from non-toxic plastic material.
- **Proper Use:** Do not throw or misuse the assembled model or individual pieces.

Package Contents

Before starting assembly, please verify that all components are present. The kit includes 288 pieces necessary to build the Fire Rescue Team vehicle and accompanying figures.

Image: The BanBao Fire Rescue Team Building Kit box, displaying the completed fire truck model with three firefighter minifigures. The box art illustrates the product's theme and contents.

Carefully open the packaging and sort the building blocks. It is recommended to keep the pieces organized to facilitate the assembly process.

Assembly Instructions

Follow the step-by-step diagrams provided in the included printed instruction booklet. Each step illustrates the specific pieces required and their placement. Ensure pieces are firmly connected to prevent the model from falling apart during play.

1. **Step 1: Base Construction** - Begin by assembling the chassis of the fire truck using the larger base plates and structural blocks.
2. **Step 2: Cabin Assembly** - Construct the driver's cabin, including the windshield and roof sections.
3. **Step 3: Rear Section and Equipment** - Build the rear section of the truck, incorporating details such as the water cannon, ladders, and storage compartments.

4. **Step 4: Minifigure Assembly** - Assemble the firefighter minifigures according to the diagrams.
5. **Step 5: Final Details** - Attach any remaining decorative elements, stickers (if included), and ensure all connections are secure.

If you encounter difficulty, re-examine the previous steps and ensure all pieces are correctly oriented and attached.

Operating Instructions (Play and Interaction)

Once assembled, the BanBao Fire Rescue Team Building Kit is ready for imaginative play. The fire truck features rolling wheels for movement and a rotatable water cannon for dynamic scenarios. The minifigures can be placed in the cabin or on various parts of the truck to simulate rescue operations.

- **Movement:** Push the fire truck along flat surfaces.
- **Water Cannon:** The water cannon on top of the truck can be rotated manually to aim.
- **Minifigure Interaction:** Position the firefighter minifigures to operate the truck or engage in rescue missions.

Encourage creative storytelling and role-playing with the assembled model.

Maintenance

To ensure the longevity of your BanBao building kit, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the blocks with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Ensure all pieces are completely dry before storing to prevent damage.
- **Storage:** Store the building kit in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic parts.
- **Disassembly:** If disassembling, do so carefully to avoid stressing or breaking the plastic connectors.

Troubleshooting

- **Missing Pieces:** If you find a piece is missing, carefully re-check the packaging and the area where you are assembling. If a piece is genuinely missing, please contact BanBao customer support.
- **Difficulty Connecting Pieces:** Ensure the pieces are correctly aligned. Apply gentle, even pressure. Do not force pieces together, as this may cause damage.
- **Model Instability:** Review the assembly steps to ensure all connections are secure and no steps were missed. Loose connections can lead to an unstable model.

Specifications

Brand	BanBao
Model Number	7103
Material	Plastic
Number of Pieces	288
Theme	Vehicle (Fire Rescue Team)

Educational Objective	Construction Skills
Special Features	Non Toxic
Item Dimensions (L x W x H)	40.6 x 30.5 x 7.1 cm
UPC	816009022598
