Great Day UVDR200-2016 Ranger Diesel

Polaris Ranger Diesel 2016 Full-Size Deluxe UTV Rumble Seat Instruction Manual

Brand: Great Day

1. Introduction and Overview

This instruction manual provides detailed guidance for the installation, operation, and maintenance of the Great Day Deluxe Rumble Seat, specifically designed for the Polaris Ranger Diesel 2016 Full-Size UTV. Please read this manual thoroughly before attempting installation or use to ensure proper function and safety.
The Deluxe Rumble Seat is engineered to provide additional seating capacity for your utility vehicle, offering a comfortable and secure ride. Adherence to these instructions will help maintain the product's integrity and ensure user safety.

2. Setup and Installation

Proper installation is crucial for the safety and stability of the Deluxe Rumble Seat. Ensure you have all components and necessary tools before beginning. It is recommended to have assistance during installation due to the size and weight of the unit.

2.1 Required Tools (Not Included)

- Wrench set (metric and/or standard, depending on hardware)
- Socket set
- Drill (if new mounting holes are required, refer to vehicle specific instructions)
- Measuring tape

2.2 Installation Steps

1. **Prepare the Vehicle:** Ensure the Polaris Ranger Diesel 2016 UTV is parked on a level surface with the engine off and parking brake engaged. Clear the rear cargo bed area where the seat will be installed.
2. **Position the Seat Frame:** Carefully lift the Deluxe Rumble Seat frame into the cargo bed. Position it against the rear wall of the cargo bed, ensuring it is centered and level.
3. **Align Mounting Points:** Identify the pre-drilled mounting points on the seat frame and align them with suitable attachment points on the UTV's cargo bed or frame. Some UTV models may require drilling new holes for secure attachment. Refer to your UTV's owner's manual for specific cargo bed load capacities and mounting recommendations.
4. **Secure the Frame:** Using the provided hardware (bolts, washers, nuts), securely fasten the seat frame to the UTV. Tighten all bolts firmly, but do not overtighten to avoid damaging the frame or vehicle.

5. **Install Cushions and Seatbelts:** Attach the seat cushions to the frame using the integrated fasteners (e.g., Velcro straps, snaps). Ensure the seatbelts are properly routed and secured to the designated anchor points on the seat frame or vehicle chassis.
6. **Final Inspection:** Double-check all connections and ensure the seat is stable and does not wobble. Test the seatbelts for proper function.

3. Operating Instructions

The Deluxe Rumble Seat is designed for passenger use in a stationary or moving UTV, provided all safety guidelines are followed.

3.1 Passenger Use

- Ensure only the designated number of passengers (typically two for this model) occupy the seat.
- All passengers must wear the provided seatbelts at all times when the vehicle is in motion.
- Passengers should keep their hands, arms, and legs inside the vehicle at all times.
- Do not exceed the weight capacity of the seat or the UTV's cargo bed. Refer to your UTV's owner's manual for cargo bed weight limits.

3.2 Safety Precautions

- Always inspect the seat and its mounting hardware before each use to ensure everything is secure.
- Avoid sudden maneuvers, sharp turns, or excessive speeds when passengers are occupying the rumble seat.
- Do not allow children to operate the UTV or ride in the rumble seat without proper supervision and adherence to all safety guidelines.
- This seat is intended for off-road use only, in conjunction with a UTV. Do not use on public roads unless the UTV is street-legal and all local regulations are met.

4. Maintenance

Regular maintenance will extend the life of your Deluxe Rumble Seat and ensure continued safe operation.

4.1 Cleaning

- Clean the seat cushions with mild soap and water. Avoid harsh chemicals or abrasive cleaners that could damage the fabric.
- Wipe down the metal frame with a damp cloth. For stubborn dirt, use a mild detergent.
- Ensure the seat is completely dry before storage or prolonged non-use to prevent mildew or rust.

4.2 Inspection

- Periodically inspect all bolts and fasteners for tightness. Re-tighten as necessary.
- Check the seat frame for any signs of bending, cracks, or corrosion.
- Examine seatbelts for fraying, cuts, or damage to buckles. Replace damaged seatbelts immediately.
- Inspect seat cushions for tears or excessive wear.

5. Troubleshooting

This section addresses common issues you might encounter with your Deluxe Rumble Seat.

Problem	Possible Cause	Solution
Seat feels wobbly or loose.	Mounting bolts are loose.	Inspect and re-tighten all mounting bolts securely.
Seatbelts are not retracting or latching properly.	Debris in buckle, damaged mechanism, or twisted belt.	Clear any debris from the buckle. Untwist the belt. If damaged, replace the seatbelt assembly.
Unusual noises (squeaking, rattling) from the seat.	Loose connections or friction between components.	Check all bolts and connections for tightness. Apply a small amount of lubricant to pivot points if applicable.

6. Specifications

Key specifications for the Great Day Deluxe Rumble Seat.

Attribute	Value
Brand	Great Day
