PKPOWER AC/DC Adapter

PK Power AC/DC Adapter for Star Trac ST350 Fitness Recumbent Bike

Instruction Manual

Introduction

This manual provides essential instructions for the safe and effective use of your PK Power AC/DC Adapter. This adapter is designed to provide reliable power to compatible devices, specifically the Star Trac ST350 Fitness Recumbent Bike. Please read this manual thoroughly before use and retain it for future reference.

Safety Information

To ensure safe operation and prevent damage, observe the following safety precautions:

- **Input Voltage:** Ensure the wall outlet voltage is within the adapter's specified input range of 100-240V AC.
- **Protection Features:** This adapter is equipped with Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to safeguard your devices.
- **Proper Connection:** Always connect the adapter to the device before plugging it into the wall outlet. Disconnect from the wall outlet before disconnecting from the device.
- **Avoid Damage:** Do not expose the adapter to water, moisture, or extreme temperatures. Do not attempt to open or modify the adapter.
- **Ventilation:** Ensure adequate ventilation around the adapter during use to prevent overheating.
- **Unplug When Not in Use:** Disconnect the adapter from the power outlet when not in use for extended periods.

Setup and Connection

Follow these steps to properly connect your PK Power AC/DC Adapter:

1. **Inspect the Adapter:** Before connecting, visually inspect the adapter and its cables for any signs of damage.
2. **Connect to Device:** Locate the power input port on your Star Trac ST350 Fitness Recumbent Bike. Insert the barrel connector of the PK Power AC/DC Adapter firmly into this port.
3. **Connect to Power Outlet:** Plug the 2-pin main power connector of the adapter into a standard 100-240V AC wall outlet.
4. **Verify Power:** Once connected, your device should receive power. Refer to your device's manual for specific

power indicators.

Operating Instructions

Once the adapter is correctly connected to your Star Trac ST350 Fitness Recumbent Bike and a power outlet, it will supply the necessary power for the bike's operation. No further user interaction with the adapter itself is required during normal use. The adapter functions as a continuous power source.

- Ensure the adapter is not covered during operation to allow for proper heat dissipation.
- If the device is not powering on, refer to the Troubleshooting section.

Maintenance and Care

Proper care will extend the life of your PK Power AC/DC Adapter:

- **Cleaning:** Disconnect the adapter from the power source and the device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture. Avoid tightly coiling the cable to prevent damage.
- **Cable Integrity:** Regularly check the power cord and connector for any signs of fraying, cuts, or bends. Discontinue use if damage is observed.

Troubleshooting

If you encounter issues with your PK Power AC/DC Adapter, consider the following:

Problem	Possible Cause	Solution
Device not powering on.	Adapter not properly connected. Power outlet not functioning. Damaged adapter or cable. Device issue.	Ensure both ends of the adapter are securely connected. Test the power outlet with another device. Inspect the adapter and cable for damage; discontinue use if damaged. Consult the Star Trac ST350 manual for device-specific troubleshooting.
Adapter feels excessively hot.	Poor ventilation. Overload or internal fault.	Ensure the adapter is in an open area with good airflow. Disconnect immediately and contact customer support if overheating persists or is extreme.

If the problem persists after attempting these solutions, please contact customer support.

Specifications

Feature	Detail
Brand	PKPOWER
Input Voltage Range	100-240V AC (Worldwide Compliant)
Output Voltage	240 Volts
Connector Type	Barrel Connector
Main Power Connector Type	2 Pin
Safety Certifications	CE, FCC, RoHS certified
Protection Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Compatible Devices	Star Trac ST350 Fitness Recumbent Bike

Compatibility

This PK Power AC/DC Adapter is specifically designed and tested for compatibility with the**Star Trac ST350 Fitness Recumbent Bike**. Using this adapter with other devices may result in improper function or damage.

Warranty and Support

PK-Power products are designed for reliability. For any questions, concerns, or assistance, our friendly and reliable customer service team is available to respond within 24 hours. Please refer to your purchase documentation for specific warranty terms.
For support, please visit the PKPOWER Store on Amazon or contact the seller directly.
