## MZ-712 USB Sound Card

## Product Information

### Specifications

- Device name: MZ-712
- Bluetooth version: 5.2
- Frequency response: 20HZ-20KHZ
- Wireless distance: 20m
- Output power: 15MW
- THD: (not specified)

### Product Usage Instructions

#### Microphone Mute Switch

The microphone mute switch allows you to mute or unmute the microphone. When the switch is in the “mute” position, your microphone will not pick up any sound.

#### Sound Effect Indicator Light

The 7.1 sound effect indicator light provides visual feedback on the current sound effect mode. The light may change color or blink to indicate different modes.

#### Bluetooth Volume Control

The Bluetooth volume buttons allow you to adjust the volume of the Bluetooth audio being played through the sound card. Press the “+” button to increase the volume and the “-” button to decrease the volume.

#### USB Sound Card Volume Control

The USB sound card volume buttons control the volume of the audio output from the USB sound card. Use the “+” button to increase the volume and the “-” button to decrease the volume.

#### Pairing Key

The pairing key is used for Bluetooth pairing and unpairing. Long press the pairing key to enter or exit the Bluetooth pairing mode.

#### Answering and Rejecting Calls

To answer an incoming call, simply press the answer call button. To reject an incoming call, long press the answer call button.

#### Sound Effect Switching

The 7.1 sound effect switching button allows you to switch between different sound effect modes. Press the button to cycle through the available sound effects.

#### Bluetooth Pairing Indicator Light

The Bluetooth pairing indicator light provides visual feedback on the status of Bluetooth pairing. When the light is flashing slowly, it indicates that the device is in pairing mode. A solid blue light indicates successful pairing.

#### Compatibility

The MZ-712 USB Sound Card is compatible with the following devices:

- PS3
- PC

- MAC
- PS4
- PS5
- Switch
- Mobile
