PKPOWER AC/DC Adapter

PKPOWER AC/DC Adapter User Manual

For Braven 570 Portable Bluetooth HD Wireless Speakers (Models BZ570, BZ570BBP, BZ570PBP, BZ570UBP, BZ570WBP)

1. Introduction

This manual provides essential instructions for the safe and effective use of your PKPOWER AC/DC Adapter. This adapter is designed to provide reliable power to your Braven 570 series portable Bluetooth speakers, ensuring optimal performance and charging capabilities. Please read this manual thoroughly before use and retain it for future reference.

2. Safety Information

To prevent injury or damage to your device, always observe the following safety precautions:

- Use the adapter only with compatible devices as specified.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to disassemble or modify the adapter.
- Ensure the power outlet voltage matches the adapter's input specifications (100-240V).
- Unplug the adapter during lightning storms or when unused for extended periods.
- Keep out of reach of children.
- If the adapter or cable is damaged, discontinue use immediately and seek a replacement.

This product is CE / FCC / RoHS certified, indicating compliance with health, safety, and environmental protection standards.

3. Package Contents

- 1 x PKPOWER AC/DC Adapter

4. Setup

1. **Identify the Charging Port:** Locate the charging port on your Braven 570 series speaker. This adapter typically uses a micro-USB connector.
2. **Connect the Adapter to the Speaker:** Carefully insert the micro-USB connector of the PKPOWER adapter into

the charging port of your Braven speaker. Ensure a firm and secure connection.

3. **Plug into Power Outlet:** Insert the AC plug of the adapter into a standard wall power outlet (100-240V).

Image 1: PKPOWER AC/DC Adapter showing the main unit and micro-USB cable. This image illustrates the adapter's design, featuring a standard two-prong AC plug and an integrated cable terminating in a micro-USB connector, suitable for charging compatible devices.

5. Operating Instructions

Once connected, the adapter will begin charging your Braven 570 speaker. The speaker's charging indicator light (refer to your Braven speaker's manual for specific details) will typically illuminate to confirm charging is in progress.

- **Charging Time:** Charging duration varies depending on the speaker's battery level and model.
- **Disconnection:** To disconnect, first unplug the adapter from the wall outlet, then gently remove the micro-USB connector from the speaker.

Image 2: PKPOWER AC/DC Adapter viewed from an alternative angle. This perspective highlights the compact design of the adapter and the coiled nature of the attached cable, emphasizing its portability and ease of storage.

6. Maintenance

- **Cleaning:** Disconnect the adapter from power and the speaker before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly coiling the cable to prevent damage.
- **Inspection:** Periodically inspect the adapter and cable for any signs of wear, cuts, or damage. If damage is observed, discontinue use.

Image 3: PKPOWER AC/DC Adapter with the cable partially extended. This view provides a clearer look at the cable's length and the micro-USB connector, demonstrating the overall form factor of the power supply unit.

7. Troubleshooting

Problem	Possible Cause	Solution
Speaker not charging.	Adapter not properly connected. Power outlet not active. Damaged adapter or cable. Incompatible device.	Ensure all connections are secure. Test the power outlet with another device. Inspect the adapter and cable for damage; replace if necessary. Verify compatibility with your Braven 570 speaker model.
Adapter feels hot during use.	Normal operation (slight warmth). Overload or malfunction.	A slight warmth is normal. If it becomes excessively hot, unplug immediately and discontinue use. Contact customer support.
Loose connection.	Connector not fully inserted. Worn port on speaker.	Ensure the connector is fully inserted. If the port on the speaker is worn, it may require service.

8. Specifications

- **Input:** 100-240V, 50-60Hz
- **Certifications:** CE, FCC, RoHS
- **Protection Features:** OVP (Over Voltage output Protection), OCP (Over Current output Protection), SCP (Short Circuit output Protection)
- **Connector Type:** Auxiliary (Micro-USB)
- **Compatible Devices:** Braven 570 Portable Bluetooth HD Wireless Speaker (BZ570, BZ570BBP, BZ570PBP, BZ570UBP, BZ570WBP)
- **Color:** Black
