Paladone 03931

Paladone Nintendo NES Cartridge Retro Drink Coasters User Manual

Brand: Paladone | Model: 03931

1. Product Overview

The Paladone Nintendo NES Cartridge Retro Drink Coasters are a set of eight double-sided coasters designed to resemble classic Nintendo Entertainment System game cartridges. This set features iconic games such as Metroid, Donkey Kong, The Legend of Zelda, and Super Mario, providing a nostalgic touch while protecting surfaces.

3. Setup

1. Unpack the set of 8 coasters from their packaging.
2. Place the desired coaster on a flat, stable surface where drinks will be served.

4. Usage Instructions

These coasters are designed to protect your tables, desks, bars, and other surfaces from moisture, stains, scratches, and rings caused by glasses, cups, and mugs. They are suitable for both hot and cold beverages.

- Ensure the coaster is placed flat on the surface.
- Position your drink directly on top of the coaster.

5. Care and Maintenance

To ensure the longevity of your coasters, follow these care instructions:

- **Hand Wash Only:** If necessary, gently wipe the coasters with a damp cloth. Avoid soaking or using abrasive cleaners.
- **Not Dishwasher Safe:** Do not place these coasters in a dishwasher.
- **Dry Immediately:** After cleaning, ensure the coasters are thoroughly dried to prevent water damage, especially to the engineered wood paper material.
- **Avoid Excessive Moisture:** While designed for drinks, prolonged exposure to heavy condensation may affect the material. Consider using them with insulated tumblers or for drinks with minimal condensation.

6. Troubleshooting

Issue: Coasters showing signs of water damage or wear from condensation.

The coasters are made from engineered wood paper, which can be susceptible to water damage from prolonged exposure to moisture, such as heavy condensation from cold drinks.

Solution:

- For drinks with significant condensation, consider using insulated drinkware.
- Wipe away any accumulated moisture on the coaster promptly.
- Some users have reported success in applying a clear, waterproof sealant to the coasters for added durability, though this is not officially recommended by the manufacturer and may alter the product's appearance.
