FAQ

- Can the keyboard support Mac platforms?

Support: Windows Mac keyboard layout switching.
- Does the layout can be remembered?

The layout you used last time will be remembered.

Why does the function light not indicate in Mac OS System?

Because the Mac OS system does not have this function.

Can the mobile phone USB-Type C charging cable be used here?

Only supports 5-core USB Type-C data cables. (Suggest to use the package included cable.)
