Setup and Installation

1. Charging the Device

Before first use, fully charge the VIMOTO V8 headset. Connect the mini-USB charging cable to the headset's charging port and the other end to a USB power source. The charging time is approximately 3 hours. A full charge provides up to 10-13 hours of usage.

2. Mounting on Helmet

The VIMOTO V8 headset is designed for easy attachment to most motorcycle helmets. Use the provided mounting package to securely fasten the unit to the side of your helmet. Ensure the microphone is positioned correctly for clear voice capture.

Figure 4: A user demonstrating the VIMOTO V8 headset mounted on a helmet, showing the microphone positioning.

3. Pairing with Mobile Phone

1. Ensure the V8 headset is charged and powered off.
2. Press and hold the power button until the indicator light flashes, indicating pairing mode.
3. On your mobile phone, enable Bluetooth and search for available devices.
4. Select "VIMOTO V8" from the list of devices.
5. Once paired, the indicator light on the headset will change, confirming connection.

The V8 supports multi-point Bluetooth connection, allowing simultaneous pairing with two mobile phones.

Operating Instructions

Power On/Off

- **Power On:** Press and hold the power button for approximately 3 seconds.

- **Power Off:** Press and hold the power button for approximately 5 seconds.

Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press the "Next" button.
- **Previous Track:** Press the "Previous" button.
- Music playback time is up to 10 hours.

Call Management

- **Answer Call:** Press the multi-function button once.
- **End Call:** Press the multi-function button once during a call.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the multi-function button.
- Connection time to mobile phone is up to 10 hours.

Volume Control

- **Increase Volume:** Press the Volume Up button.
- **Decrease Volume:** Press the Volume Down button.

Intercom Function

The VIMOTO V8 supports communication between two units within a range of 10 meters. Refer to the specific intercom pairing instructions in the included English User Manual for detailed steps on connecting two V8 units for rider-to-passenger or bike-to-bike communication within the specified range.

Maintenance and Care

- **Cleaning:** Wipe the headset with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** The device is not water resistant. Avoid exposure to heavy rain or submersion in water.
- **Storage:** Store the headset in a cool, dry place when not in use. Avoid extreme temperatures.
- **Battery Care:** To prolong battery life, charge the device regularly, even if not used frequently. Avoid fully discharging the battery for extended periods.

Troubleshooting

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the device for at least 3 hours.
Cannot pair with phone.	Headset not in pairing mode; Bluetooth off on phone; device too far.	Ensure headset is in pairing mode, phone Bluetooth is on, and devices are within 1 meter.
No sound from headset.	Volume too low; headset not connected; earpieces not properly connected.	Increase volume; re-pair device; check earpiece connections.
Poor audio quality.	Interference; device out of range; low battery.	Move closer to the paired device; charge the headset.
