PKPOWER 9074 9074CTN

PKPOWER AC Adapter User Manual

For Black & Decker 9074 and 9074CTN 3.6V Cordless Screwdrivers

1. Introduction

This manual provides essential instructions for the safe and efficient use of your PKPOWER AC Adapter. This adapter is designed as a replacement power supply cord charger for specific Black & Decker 3.6V cordless screwdrivers, including models 9074 and 9074CTN. Please read this manual thoroughly before using the product and retain it for future reference.

2. Safety Information

Important Safety Instructions:

- Always ensure the adapter's voltage and current specifications match your device's requirements before connecting. This adapter is specifically designed for 3.6V Black & Decker cordless screwdrivers (models 9074, 9074CTN).
- Do not expose the adapter to rain, moisture, or extreme temperatures.
- Avoid using the adapter if the cord or plug is damaged.
- Do not disassemble or modify the adapter. Refer all servicing to qualified personnel.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Keep the adapter out of reach of children.
- This product is CE / FCC / RoHS certified, ensuring it meets safety and environmental standards.

3. Package Contents

Your package should contain the following item:

- 1 x PKPOWER AC Adapter (Replacement Charger)

4. Product Overview

The PKPOWER AC Adapter is a compact and reliable power supply designed to charge your compatible Black &

Decker 3.6V cordless screwdriver. It features a durable casing and standard connectors for ease of use.

Figure 1: Top view of the PKPOWER AC Adapter. This image displays the adapter's main body, the attached power cord with a standard US plug, and the charging cable with its connector.

Figure 2: Bottom view of the PKPOWER AC Adapter. This image shows the underside of the adapter, including ventilation slots and any regulatory labels or warnings printed on the casing.

5. Setup

1. **Inspect the Adapter:** Before first use, carefully inspect the AC adapter and its cables for any signs of damage. Do not use if any damage is observed.
2. **Connect to Screwdriver:** Locate the charging port on your Black & Decker 3.6V cordless screwdriver (models

9074 or 9074CTN). Insert the charging cable's connector firmly into the screwdriver's charging port.

3. **Connect to Power Outlet:** Plug the AC adapter's power cord into a standard 100-240V AC wall outlet. Ensure the outlet is easily accessible.

The adapter is designed for "Wall Mount" use, meaning it can be plugged directly into a wall outlet without needing additional support.

6. Operation

Once properly connected, the adapter will begin charging your Black & Decker cordless screwdriver. The charging process is typically indicated by an LED light on the screwdriver itself (refer to your screwdriver's manual for specific indicators). The adapter provides a stable 3.6V output, suitable for the specified screwdriver models.
The adapter features OVP (Over Voltage output Protection), OCP (Over Current output Protection), and SCP (Short Circuit output Protection) to ensure safe charging and protect your device.

7. Maintenance

- **Cleaning:** Disconnect the adapter from the power outlet and the screwdriver before cleaning. Use a soft, dry cloth to wipe the adapter's surface. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid wrapping the cable too tightly around the adapter to prevent damage.
- **Inspection:** Periodically check the adapter's cable and plug for any signs of wear or damage.

8. Troubleshooting

Problem	Possible Cause	Solution
Screwdriver not charging.	◦ Adapter not properly plugged into outlet. ◦ Charging cable not securely connected to screwdriver. ◦ Power outlet is not active. ◦ Screwdriver battery issue. ◦ Damaged adapter or cable.	◦ Ensure adapter is fully plugged into a working wall outlet. ◦ Verify the charging cable is firmly inserted into the screwdriver's port. ◦ Test the outlet with another device. ◦ Consult your screwdriver's manual for battery troubleshooting. ◦ If adapter or cable is damaged, discontinue use and replace.
Adapter feels warm during use.	Normal operation.	A slight warmth is normal during charging. If it becomes excessively hot or emits smoke/odor, unplug immediately and discontinue use.

9. Specifications

Brand	PKPOWER

Model Compatibility	Black & Decker 9074, 9074CTN 3.6V Cordless Screwdrivers
Input Voltage	100-240V AC, 50-60Hz
Output Voltage	3.6 Volts
Connector Type	Auxiliary (2 Pin Main Power Connector)
Color	Black
Mounting Type	Wall Mount
Safety Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Certifications	CE, FCC, RoHS

10. Warranty and Support
