JEKCA ST19ML31

JEKCA Red Panda 01S Animal Plastic Building Blocks Instruction Manual

Model: ST19ML31

1. Introduction

The JEKCA Red Panda 01S is a detailed animal plastic building block set designed for enthusiasts aged 14 and above. This kit allows you to construct a sturdy and intricate model of a Red Panda using JEKCA's unique interlocking brick-through system. This manual provides essential instructions for assembly, care, and troubleshooting to ensure a successful building experience.

Image 1.1: The JEKCA Red Panda 01S model displayed alongside a 13-inch iPad Pro, illustrating its approximate size and scale. The model measures 28.8 cm in length, 11.3 cm in width, and 15.4 cm in height.

2. What's in the Box

Before you begin assembly, please verify that all components are present in your JEKCA Red Panda 01S kit:

- Bricks (approximately 880 pieces)
- Pins and Pin driver
- Quick Guide
- Instruction Manual (this document)

3. Setup and Assembly Instructions

The JEKCA building system utilizes a unique interlocking brick-through technology that ensures a sturdy and glue-free construction. Follow the detailed steps in the included comprehensive building manual for specific brick placement. The general assembly principle is as follows:

1. **Identify Bricks:** Locate the correct bricks as indicated in your building manual for each step.
2. **Align Bricks:** Place the bricks together, ensuring the holes align for pin insertion.
3. **Insert Pin:** Use the provided pin driver to insert a pin through the aligned holes of the bricks.
4. **Lock Pin:** Rotate the pin 90 degrees using the pin driver to secure the connection. This locks the bricks firmly in place.

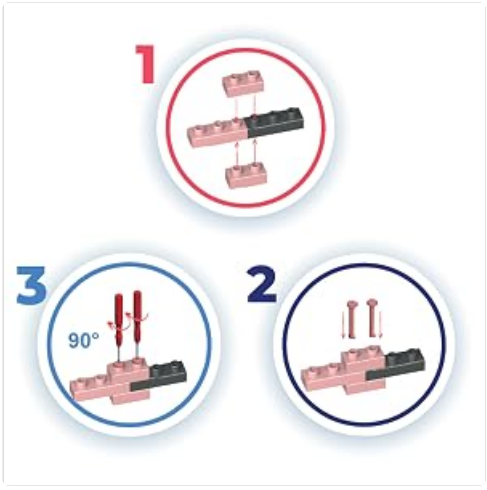

Image 3.1: A three-step visual guide demonstrating the JEKCA interlocking system. Step 1 shows two bricks being aligned. Step 2 illustrates inserting pins through the aligned holes. Step 3 depicts rotating the pins 90 degrees with the pin driver to secure the connection.

Image 3.2: An illustrative diagram detailing the JEKCA assembly process. It shows a pin being inserted into a stack of colorful bricks and then turned 90 degrees with a screwdriver-like tool to create a sturdy connection.

Continue this process, following your specific model's manual, until the Red Panda model is complete.

Image 3.3: A front-facing view of the fully assembled JEKCA Red Panda 01S model, showcasing its intricate brick construction and design.

Image 3.4: A side view of the completed JEKCA Red Panda 01S model, highlighting its posture and the texture created by the building blocks.

4. Operating Instructions

Once assembled, the JEKCA Red Panda 01S model is designed for display. While the interlocking system provides significant stability, handle the model with care to prevent accidental disassembly, especially during

relocation.

- Avoid dropping the model.
- Do not apply excessive force or pressure to individual parts.
- Place the model on a stable, flat surface away from direct sunlight or extreme temperatures.

5. Maintenance

To maintain the appearance of your JEKCA Red Panda 01S model:

- **Cleaning:** Gently wipe the model with a dry, soft cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- **Avoid Chemicals:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the plastic bricks.

6. Troubleshooting

Problem	Solution
Difficulty connecting bricks	Ensure pins are fully inserted and rotated 90 degrees using the pin driver tool. Proper rotation is crucial for a secure lock.
Missing pieces	Carefully check all packaging materials. If pieces are genuinely missing, refer to the included quick guide for contact information or visit the JEKCA official website for support.
Model instability or parts falling off	Double-check all connections to ensure pins are securely locked and rotated 90 degrees. The unique interlocking system provides stability when correctly assembled. Re-examine the building manual for any missed steps.

7. Specifications

- **Brand:** JEKCA
- **Model Name:** Red Panda 01S
- **Model Number:** ST19ML31
- **Piece Count:** Approximately 880 pieces
- **Dimensions (L x W x H):** 11.34 x 4.45 x 6.06 inches (28.8 x 11.3 x 15.4 cm)
- **Age Recommendation:** 14 years and up
- **Material:** Plastic
- **Assembly System:** Special Interlocking Brick-through System
- **Included Components:** Bricks, Pins, Pin Driver, Quick Guide, Instruction Manual
