Hoggar by Okoru G01AM0004

Hoggar G01AM0004 Metal Bicycle Storage Shed User Manual

Model: G01AM0004 | Brand: Hoggar by Okoru

Important Safety Information

Caution: Exercise care during the assembly of the shed due to its weight (63 kilograms). It is highly recommended to secure the shed to the ground to ensure structural stability and prevent tipping, especially in windy conditions. Always wear appropriate safety gear, such as gloves, during assembly. Keep children and pets away from the assembly area.

Product Overview

The Hoggar G01AM0004 is a durable metal bicycle storage shed designed to protect your bicycles and other outdoor equipment. It features galvanized steel panels, a double door with a security lock, and an integrated access ramp for ease of use. Its anthracite color and water-resistant roof provide an elegant and functional outdoor storage solution.

Setup and Assembly

Assembly of the Hoggar G01AM0004 shed is required. While designed for straightforward assembly, it is recommended to have at least two people for installation due to the size and weight of the components. Ensure you have a level and stable surface for installation.

Pre-Assembly Checklist:

- Verify all parts are present against the packing list (refer to the separate assembly guide for detailed parts list).
- Gather necessary tools (e.g., screwdriver, wrench, level, measuring tape).
- Choose a suitable, level location for the shed.
- Ensure adequate clearance around the shed for assembly and future access.

Assembly Steps:

1. **Base Construction:** Assemble the base frame on your chosen level surface. Ensure it is square and level before proceeding.
2. **Wall Panel Installation:** Attach the galvanized steel wall panels to the base frame, following the numerical sequence

provided in the detailed assembly instructions. Secure panels using the provided fasteners.

3. **Roof Assembly:** Construct and attach the roof structure. Ensure all roof panels are securely fastened to provide weather protection.
4. **Door Installation:** Install the double doors, ensuring they open and close smoothly. Attach the security lock mechanism.
5. **Access Ramp:** Position and secure the access ramp at the entrance for easy bicycle entry and exit.
6. **Ground Anchoring:** Secure the shed to the ground using appropriate anchoring methods (e.g., concrete anchors, ground stakes) to prevent movement or tipping. This is crucial for stability.

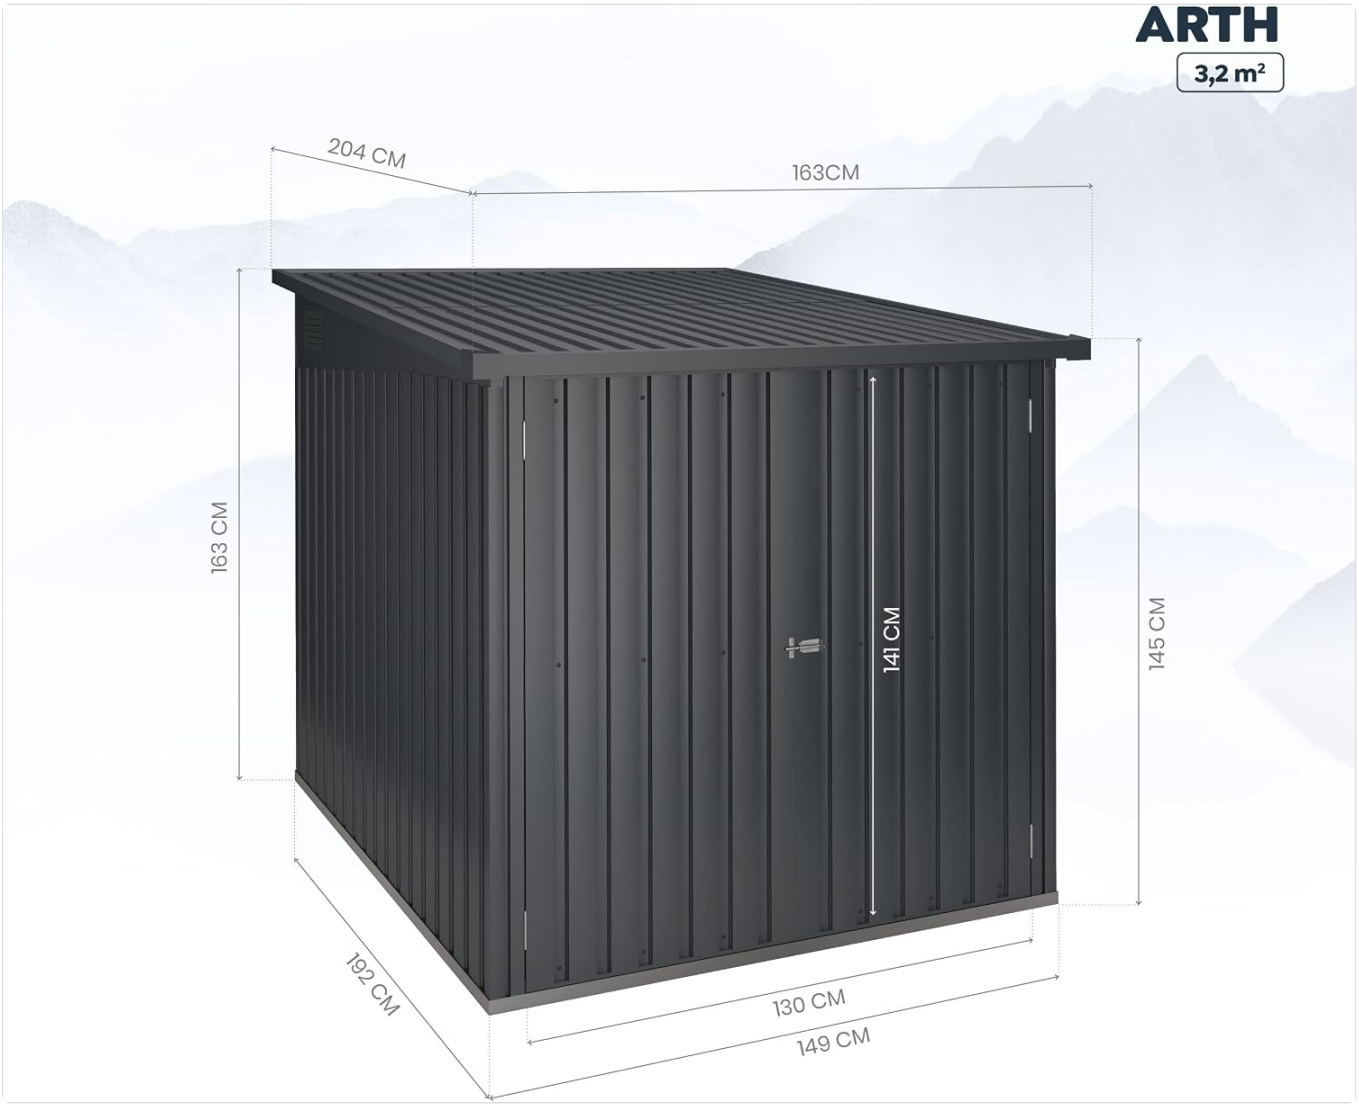

Figure 2: Dimensions of the Hoggar G01AM0004 shed. Overall dimensions are approximately 204 cm (width) x 163 cm (depth) x 163 cm (height).

Operating Instructions

The Hoggar G01AM0004 shed is designed for easy operation and secure storage.

Accessing the Shed:

- Unlock the security lock on the double doors.
- Open both doors fully to utilize the wide access opening.
- Use the integrated access ramp to easily roll bicycles or other equipment in and out of the shed.

Storage Capacity:

The shed is designed to accommodate up to three bicycles, with internal rails included to help organize and secure them.

Figure 4: Interior view demonstrating the capacity to store three bicycles with dedicated rails.

Maintenance

The Hoggar G01AM0004 metal shed is designed to be largely maintenance-free due to its galvanized steel construction. However, periodic checks and simple cleaning can extend its lifespan and maintain its appearance.

General Maintenance Tips:

- **Cleaning:** Periodically clean the exterior with mild soap and water to remove dirt, dust, and debris. Rinse thoroughly with clean water. Avoid abrasive cleaners or harsh chemicals.
- **Fastener Check:** Annually inspect all screws, bolts, and fasteners to ensure they are tight. Re-tighten if necessary.
- **Door Operation:** Ensure the doors open and close smoothly. Lubricate hinges with a silicone-based spray if they become stiff.

- **Drainage:** Keep the area around the shed clear of debris to ensure proper water drainage from the roof and base.
- **Ground Anchoring:** Regularly check the ground anchors for security, especially after severe weather.

Troubleshooting

This section addresses common issues you might encounter with your metal storage shed.

Problem	Possible Cause	Solution
Doors do not close properly or are misaligned.	Uneven ground; loose hinges; frame not square.	Ensure the shed is on a level surface. Check and tighten hinge screws. Verify the shed frame is square during assembly.
Water leakage inside the shed.	Improperly sealed roof panels; damaged panels; inadequate ground sealing.	Inspect roof seams and panel overlaps for proper sealing. Check for any damage to panels. Ensure the base is properly sealed to the ground.
Shed feels unstable or wobbly.	Not properly anchored to the ground; loose frame connections.	Ensure the shed is securely anchored to a solid foundation. Check and tighten all frame fasteners.

Specifications

Feature	Detail
Model Number	G01AM0004
Brand	Hoggar by Okoru
Dimensions (L x W x H)	204 cm x 163 cm x 163 cm (approximately 3.2 m^2)
Weight	63 kg
Material	Galvanized Steel, Metal
Panel Thickness	0.25 mm
Color	Anthracite (Grey)
Door Type	Double Door with Security Lock
Assembly Required	Yes
Corrosion Warranty	10 Years

Warranty Information

The Hoggar G01AM0004 Metal Bicycle Storage Shed comes with a **10-year warranty against corrosion**. This warranty covers defects in materials and workmanship that result in corrosion of the galvanized steel panels under normal use and maintenance. Please retain your proof of purchase for warranty claims. The warranty does not cover damage caused by improper assembly, misuse, neglect, natural disasters, or unauthorized modifications.

Customer Support

If you have any questions regarding the assembly, operation, maintenance, or warranty of your Hoggar G01AM0004 Metal Bicycle Storage Shed, please contact the retailer or manufacturer. When contacting support, please have your model number (G01AM0004) and proof of purchase readily available.
