What's in the Box

- Skullcandy Indy True Wireless Earbuds
- Charging Case
- Ear Cushions (S, M, L sizes)
- USB-C Charging Cable
- User Guide
- 2-Year Warranty Card

Setup

Follow these steps for initial pairing of your Skullcandy Indy earbuds:

1. Remove both earbuds from the charging case. They will automatically power on and begin pairing with each other. The LED lights on both earbuds will turn red.

2. Once paired with each other, they will enter pairing mode with your device. The voice prompt will say "Indy is now pairing."
3. On your device, open Bluetooth settings and select "Indy" from the list of available devices. The earbuds will connect automatically.

Operating

Touch Controls

The Indy earbuds feature intuitive touch controls for phone-free commands. You can manage calls, tracks, and volume directly from the earbuds.

Mono Mode

For situations where you need to hear your surroundings, the Indy earbuds support Mono Mode. You can use either the left or right earbud independently. The right earbud is the primary earbud for this function.

Sound Quality

The Skullcandy Indy earbuds are engineered to deliver premium, seamless sound quality. They provide a great bass response and clear audio performance.

- **Frequency Response:** 20Hz - 20kHz
- **Impedance:** 16 Ohm
- **Audio Driver Type:** Dynamic Driver
- **Sound Pressure Level:** 95±3dB

Battery Life & Charging

Enjoy extended listening sessions with up to 16 hours of total battery life when combined with the charging case. The earbuds themselves provide several hours of playback on a single charge, and the compact charging case offers multiple additional charges.

Figure 3: Open charging case with earbuds.

Water & Dust Resistance

The Indy earbuds are IP55 sweat, water, and dust resistant, making them suitable for various environments and activities. This rating ensures protection against dust ingress and low-pressure water jets from any direction.

Maintenance

To ensure optimal performance and longevity of your Skullcandy Indy earbuds, regularly clean the ear tips and charging contacts. Use a soft, dry cloth to wipe down the earbuds and case. For ear tips, remove them and clean with mild soap and water, then dry completely before reattaching.

Troubleshooting

If you experience pairing issues or other connectivity problems, a reset can often resolve them:

1. Place both earbuds in the charging case and ensure the LED lights turn red.
2. Remove "Indy" from your device's paired Bluetooth devices list.
3. Turn off Bluetooth on your device.
4. Remove only the right earbud from the charging case. Tap the center of the earbud 4 times to power it off and reset it. Return the earbud to the charging case.
5. Repeat the previous step with the left earbud.
6. Remove both earbuds from the case. They will automatically power on and begin pairing with each other. You will hear a single beep indicating they have paired.
7. Turn your device's Bluetooth back on and re-pair to "Indy".
