Max & Lily 180231-131

Max & Lily Twin Over Full Bunk Bed

Product Instruction Manual

Product Overview

The Max & Lily Twin Over Full Bunk Bed is a versatile and sturdy furniture piece designed to maximize space in children's rooms. Crafted from solid, knot-free New Zealand pine wood with a durable, low VOC finish, it ensures both safety and longevity. The top bunk features tall 14-inch guardrails for enhanced safety, accommodating standard mattress sizes. An angled ladder with rounded edges provides comfortable and easy climbing, and it is both reversible and removable to suit various room layouts. Each sleeping surface is supported by solid plywood slats and a metal support bar, capable of holding up to 400 pounds of resting weight. This bed meets or exceeds Federal safety standards for kids' furniture.

Key Features

- **Superior Quality:** Constructed from solid New Zealand Pine wood with a durable, non-toxic, low VOC finish.
- **High Weight Capacity:** Each bed safely holds up to 400 lbs, suitable for teens. Features solid pine slats with a metal support bar.
- **Stable Design:** Metal-on-metal structural connections prevent loosening over time, ensuring long-term stability.
- **Space-Saving:** Compact design (80 x 58 x 37 inches LxWxH) fits well in children's rooms.
- **Versatile Ladder:** Angled ladder with rounded edges for easy climbing, reversible and removable for flexible placement.
- **Safety Guardrails:** Top bunk includes extra tall 14-inch guardrails for enhanced safety.
- **Convertible Design:** Can be separated into two freestanding beds (one twin, one full).

Setup & Assembly

Assembly of the Max & Lily Bunk Bed is designed to be straightforward, though it is recommended for two adults to complete the process. All necessary instructions, upper/lower slat rolls, and required hardware are included in the packaging.

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the instruction manual. Ensure all pieces are present and undamaged.
2. Assemble the top bunk and bottom bunk frames separately according to the detailed diagrams in the manual. The solid wood pieces are robust and heavy, indicating high quality.
3. Once both frames are assembled, carefully lift the top bunk frame and place it onto the bottom bunk frame, aligning the designated bolts and connection points. This step requires two adults for safety and ease of alignment.
4. Secure all connections as instructed, ensuring all bolts are tightened for stability.
5. Install the ladder. The ladder can be attached to either side of the bunk bed to best suit your room configuration. The instructions clearly outline how to swap the ladder's position.
6. Place the mattresses on the respective bunks. The top bunk is designed to safely fit standard twin mattresses, and the bottom bunk fits standard full mattresses.

While assembly can take approximately two hours for one person, having a second person will significantly expedite the process, especially for lifting the top bunk. The instructions are clear and well-illustrated.

Operation

The Max & Lily Bunk Bed is designed for daily use by children, providing a safe and comfortable sleeping arrangement.

Using the Bunk Bed:

- **Climbing the Ladder:** Always use the angled ladder for accessing the top bunk. The grooved, non-slip steps are designed for secure footing. Ensure children climb facing the ladder and use both hands.
- **Top Bunk Safety:** The top bunk is equipped with 14-inch safety guardrails. Ensure that the mattress used on the top bunk does not exceed the height recommended by the manufacturer to maintain adequate guardrail height for safety.
- **Weight Limits:** Adhere to the maximum weight capacity of 400 pounds per sleeping surface.
- **Converting to Separate Beds:** If desired, the bunk bed can be disassembled and used as two individual beds (one twin and one full). Refer to the assembly section for guidance on separating the units.

Maintenance & Care

Proper care will ensure the longevity and appearance of your Max & Lily Bunk Bed.

- **Cleaning:** Wipe the bed frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain the bed's stability and safety.
- **Wood Care:** As the bed is made of solid pine, avoid exposing it to extreme temperature changes or excessive moisture, which can cause warping or cracking.

Troubleshooting

Here are some common issues and their solutions:

- **Bed Wobbles:** If the bed feels unstable or wobbles, re-check all assembly bolts and ensure they are securely tightened. The metal-on-metal connections are designed to prevent loosening, but periodic checks are still important.
- **Mattress Slats Issues:** If the mattress support slats seem short or do not fit perfectly, ensure the side rails are pulled tight to the ends of the slats before securing. Using a ratchet strap can help pull the rails tight. If the provided screws for the slats seem too short to bite into the rails, slightly longer screws of the same gauge can be used.
- **Missing or Damaged Parts:** In the rare event of missing or damaged components upon delivery, contact Max & Lily customer support immediately for assistance.

Specifications

Attribute	Detail
Brand	Max & Lily
Model Number	180231-131
Size	Twin/Full Bunk Bed
Product Dimensions	81.5"L x 57.75"W x 65"H
