Acebaff 241 Wireless Keyboard and Mouse Combo

Product Specifications

- Wireless Keyboard and Mouse Set
- **Wireless Transmission:** 2.4 GHz
- **Transmission Distance:** 10 meters
- **Battery Requirement:** Keyboard – 1.5 V AAA x 1, Mouse – 1.5 V AAA x 2

Product Usage Instructions

Setup
Fetch the wireless keyboard and mouse. Remove the USB receiver from the mouse battery compartment.

Keyboard Setup

1. Insert a 1.5 V AAA battery into the keyboard following the positive and negative signs.
2. Turn on the power switch of the keyboard.

Mouse Setup

1. Insert two 1.5 V AAA batteries into the mouse according to the positive and negative signs.
2. Turn on the power switch of the mouse.

Connection

1. Plug the USB receiver into the USB port of your computer.
2. The mouse and keyboard are ready to work after the driver is automatically installed on the computer.
Important Notes

1. **Battery Usage:** Use only 1.5 V AAA batteries to prevent damage to internal elements. Avoid using excessive-voltage batteries. If the product will be unused for a long time, remove the battery to prevent corrosion.
2. **Wireless Transmission:** The product adopts 2.4 GHz wireless transmission with a 10-meter range. The distance may be affected by obstacles and low battery levels.
3. **Initial Use:** For the first use, the product may fail to work due to prolonged inactivity. Try pairing again if connection errors occur.
FAQ

- **What should I do if the product fails to work after initial setup?**
  If the product does not function properly, repeat the setup procedures for pairing. If issues persist, contact our service team at abcsm001@126.com for assistance.
BOX CONTENT

3. For the first use, the product may fail to work (connection error, etc.) for it has been unused for a long time. Try pairing again.

SOLUTION TO CONNECTION FAILURES

Keyboard

1. Take out the battery from the keyboard and the receiver from the computer.
2. Reinstall the battery into the keyboard, and plug the receiver into the USB port of the computer.
3. Turn on the keyboard's power switch, which should be within 20cm away from the receiver. Press and hold the" Esc " and " K " keys together to pair again.

Mouse

1. Take out the battery from the mouse and the receiver from the computer.
2. Reinstall the battery into the mouse, and plug the receiver into the USB port of the computer.
3. Turn on the power switch of the mouse, which should be within 20cm away from the receiver. Press and hold the Right button and Scroll button together to pair again.

   Note: If the above solution doesn't help, repeat the above procedures to pair again. If it still cannot work, please contact our service team to work for you. (abcsm001@126.com)
