Wireless Charger X1
Data Cable X1
User Manual X1

This three-in-one wireless charger is a compact charging stand that can wirelessly charge three devices with only one wireless charger to charge your mobile phone, watch, earphones or other devices that support wireless charging.

As long as it is placed on the corresponding charging zone, it can be automatically charged wirelessly, which can make your desktop cleaner and more convenient to charge. This product fixes the mobile phone through magnetic attraction and has safety protection technology during the charging process, making the charging safer.

Lighting Mode

Pattern	Indicator Status
Power on	Blue light
Standby	The blue light is always on
Earbuds area charging	The first light changes from blue to green
Cell phone area charging	The second light changes from blue to green
Watch area charging	The third light changes from blue to green
Protection function	Blue light flashing

Product Parameters

Model No: W68
Size: 157×118.5×85mm
Texture Of Material: ABS+PC
Input: DC5V/3A 9V/3A
Output (Mobile Phone): 5W/7.5W/10W/15W(Max)
Output (TWS): 5W(Max)
Output (Watch): 2.5W(Max)
Transmission Distance: ≤6mm
Conversion Rate: Slow charge ≥ 70% fast charging ≥ 75%
Work Efficiency: 110.5-205KHz

Note:

Applicable Equipment

Please check whether the phone supports magnetic suction wireless charging, otherwise, it may cause the phone to slide down. This product supports fast wireless charging function, The short distance radio energy transmission is realized by magnetic induction.

Adapter Selection

When using a 5V/2A output adapter, the wireless charger supports 5W load. When using the adapter conforming to QC3.0 standard, the wireless charger supports 15W load; In order to ensure the normal use of the charger, it is recommended to use PD fast charging or adapter conforming to QC3.0 standard.

Other matters

Please do not put metal objects or magnetic cards on the charging board, which may cause the charger to heat up, Remove the foreign object when the foreign object alarms Slight fever is a normal phenomenon. The mobile phone battery will be heated during charging, Do not put the charger close to the fire source or corrosive environment.

FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with a minimum distance 20cm between the radiator& your body.

Product Care

Keep away from liquids and extreme heat
