Vont B07ZWK5QKM

Vont Spark LED Headlamp User Manual

Model: B07ZWK5QKM | Brand: Vont

Introduction

The Vont Spark LED Headlamp is designed for optimal illumination and comfort during various activities such as running, camping, hiking, fishing, and jogging. This manual provides essential information for setting up, operating, and maintaining your headlamp.

Key features include super bright VLEDS, up to 90 hours of battery life, an ergonomic 45° tilt for comfortable light throw, and IPX5 waterproof rating for durability in extreme conditions.

Setup

Battery Installation

Your Vont Spark LED Headlamp requires 3 AAA batteries (included). To install or replace batteries:

1. Locate the battery compartment on the back of the headlamp unit.
2. Gently open the compartment latch.
3. Insert 3 AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Close the compartment securely until you hear a click.

Strap Adjustment

The elastic headband is adjustable to fit various head sizes, from adults to kids, ensuring a comfortable and secure fit.

1. Place the headlamp on your head.
2. Use the adjustable buckle on the strap to tighten or loosen until it feels snug but not too tight.
3. Ensure the headlamp unit is centered on your forehead.

Operating Instructions

Main Light Modes

The Vont Spark LED Headlamp features 7 light modes, easily accessible via a single button.

- **Power On/Off:** Press the main power button once to turn the headlamp on. Press again to cycle through modes. If the light has been on for more than 5 seconds, a single press will turn it off.
- **White Light Modes:**
    1. Low Brightness
    2. Medium Brightness
    3. High Brightness
    4. Strobe (flashing white light)

Red Light Modes

The headlamp also includes red light functionality, ideal for preserving night vision.

- **Activate Red Light:** From any white light mode, press and hold the main power button for 3 seconds to switch to red light.
- **Red Light Modes:**
  1. Low Red Light
  2. SOS (flashing red light for emergencies)
  3. Strobe (rapidly flashing red light)
- **Switch Back to White Light:** Press and hold the main power button for 3 seconds again to return to white light modes.

Ergonomic 45° Tilt

The headlamp unit can be tilted up to 45 degrees, allowing you to direct the light precisely where needed without straining your neck.

Maintenance

- **Cleaning:** Wipe the headlamp unit and strap with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** For long-term storage, remove the AAA batteries to prevent leakage and potential damage to the device. Store in a cool, dry place.

Troubleshooting

- **Light not turning on:**
  - Ensure batteries are inserted with correct polarity (+/-).

- Replace batteries with fresh ones.
- Check if the battery compartment is securely closed.

- **Light is dim or flickering:**
  - This indicates low battery power. Replace all 3 AAA batteries.
- **Water inside the unit:**
  - Although IPX5 waterproof rated, ensure the battery compartment is always securely sealed before exposure to water. If water enters, open the compartment, remove batteries, and allow the unit to dry completely before reassembling.

Specifications

Feature	Value
Special Feature	Adjustable Focus, Adjustable Light Modes, Adjustable Strap, Weatherproof
Color	Black
