Braun 73s

Braun Series 7 73s Replacement Head Instruction Manual

Product Overview

The Braun Series 7 73s Replacement Head is designed to restore your electric shaver's performance to its original condition. Over approximately 18 months, shaver components can cut millions of hairs, leading to natural wear and a reduction in cutting efficiency. Replacing the shaver head ensures a consistently close and comfortable shave.

Image: Braun Series 7 73s Replacement Head, showing the foil and cutter block within its packaging, indicating "Made in Germany".

This replacement head is manufactured in Germany, ensuring high quality and precision engineering.

Important Safety Information

Please observe the following safety guidelines when using your Braun shaver and replacement head:

- Always keep the shaver dry and avoid using it near water to prevent electrical hazards.
- Do not charge the shaver while it is in use.
- Exercise caution when shaving to avoid cuts and skin irritation.
- Adhere strictly to the cleaning and maintenance instructions provided with your original shaver to prevent bacterial growth and ensure hygiene.

Installation Instructions

Replacing your shaver's foil and cutter block is a straightforward process designed to be quick and easy. Follow these steps to install your new 73s replacement head:

1. **Power Off:** Ensure your Braun Series 7 shaver is turned off and disconnected from any power source.
2. **Remove Old Head:** Gently press the release buttons (if present) on the sides of the shaver head and pull the old head upwards to detach it from the shaver body. Dispose of the old head responsibly.
3. **Install New Head:** Align the new 73s replacement head with the shaver body. Press it down firmly until you hear a click, indicating it is securely locked into place. Do not force the head.
4. **Verify:** Ensure the new head is seated correctly and does not wobble.

With the new head installed, your shaver is reset to new, providing optimal shaving performance.

Maintenance and Replacement

To ensure your Braun Series 7 shaver continues to deliver its best performance, regular maintenance and timely replacement of the shaver head are crucial.

- **Replacement Schedule:** It is recommended to replace the shaver head every 18 months. This timeframe accounts for the natural wear of the cutting elements, which can process over 6,000,000 hairs during this period.
- **Cleaning:** For daily maintenance, refer to the cleaning instructions provided in your original Braun Series 7 shaver manual. Proper cleaning helps maintain hygiene and prolong the life of the shaver head.

Compatibility

The Braun Series 7 73s Replacement Head is specifically designed for compatibility with the following Braun Series 7 New Generation electric shavers:

- 7020s
- 7025s
- 7085cc
- 7027cs
- 7071cc
- 7075cc

Ensure your shaver model is listed above to guarantee proper fit and optimal performance.

Troubleshooting

If you encounter issues after installing your new 73s replacement head, consider the following:

- **Poor Shaving Performance:** Ensure the replacement head is fully seated and locked onto the shaver body. A loose connection can affect cutting efficiency.
- **Head Not Fitting:** Double-check that your shaver model is listed in the compatibility section. This 73s head is specifically for New Generation Series 7 shavers.
- **Unusual Noise:** If the shaver makes unusual noises after head replacement, power it off immediately and re-install the head, ensuring it clicks securely into place.

For persistent issues, refer to your original shaver's instruction manual or contact Braun customer support.

Technical Specifications

Brand	Braun
Model Name	Series 7 New Generation
Item Model Number	73s
UPC	069055885321
Product Dimensions	3.15 x 0.79 x 5.79 inches

Item Weight	0.48 ounces
Manufacturer	Procter & Gamble
Recommended Uses	Face

Warranty and Customer Support

For detailed information regarding the warranty of your Braun Series 7 shaver and its replacement parts, please consult the documentation that accompanied your original shaver purchase. This manual pertains specifically to the replacement head and does not extend or alter the original product warranty.

Should you require further assistance, have questions about your product, or need to report an issue, please visit the official Braun website or contact their customer service department directly. Contact information can typically be found in your shaver's original manual or on the Braun website.
