PETNF PETNF Dog Dryer Blower

PETNF Dog Dryer Blower Instruction Manual

Model: PETNF Dog Dryer Blower

Introduction

This manual provides essential information for the safe and effective use of your PETNF Dog Dryer Blower. Please read all instructions carefully before operating the device. This product is designed to provide efficient and powerful drying for your pets, suitable for various coat types and sizes.

Safety Information

- Keep out of reach of children.
- Use only with compatible PETNF dryers (black and blue models).
- Keep the power plug and cord away from heated surfaces.
- Do not rinse or submerge the unit in water.
- Do not use the dryer while bathing your pet.
- Always supervise children and pets when using the dryer.

Package Contents

Verify that all items are present in your package:

- One (1) PETNF Dog Dryer Blower Unit
- One (1) Long Spring Hose (up to 73 inches)
- One (1) Clip
- Two (2) Flat Nozzles (Wide Flat Nozzle, Narrow Flat Nozzle)
- One (1) Round Nozzle
- One (1) Brush Nozzle
- One (1) Instruction Manual
- One (1) Extra Air Filter

Product Features

- **Powerful Airflow:** 3.2HP motor for high-velocity air.
- **Stepless Adjustable Speed:** Allows precise control over airflow intensity.
- **Heating Function:** Optional heating for faster drying, especially in cold weather.
- **Noise Reduction:** Designed to minimize operational noise.
- **Extendable Hose:** Long spring hose extends up to 73 inches for flexible use.
- **Interchangeable Nozzles:** Includes Wide Flat, Narrow Flat, Round, and Brush nozzles for various grooming needs.
- **Portable Design:** Features a convenient handle for easy transport.

Setup Instructions

1. **Attach the Hose:** Connect the long spring hose to the dryer unit. Ensure it is securely fastened.

2. **Select a Nozzle:** Choose the appropriate nozzle for your pet's coat type and drying task.
    - *Wide Flat Nozzle:* For strongest wind-blow, ideal for drying the entire body, especially thick fur on hot days.
    - *Narrow Flat Nozzle:* Provides strong wind-blow for partial drying or modeling.
    - *Round Nozzle:* Delivers gentle wind-blow and gathers heat, recommended for cold weather.
    - *Brush Nozzle:* For gentle wind-blow, recommended for brushing, grooming, and shaping your pet's fur.
3. **Compatibility:** This hose and accessories are compatible with PETNF black and blue dog dryer models.

Hose dimensions and installation video

Video: Demonstrates the hose dimensions and installation process for the PETNF Dog Dryer Blower.

Image: Detailed measurements of the hose length (31.89 inches, retractable up to 73 inches) and diameters (inner 1.65 inches, outer 1.87 inches, nozzle outer 1.42 inches).

Image: Illustration showing the hose compatibility with both the black and blue PETNF dog hair dryer models.

Operating Instructions

1. **Power On:** Plug the dryer into a suitable power outlet. Press the power button to turn the unit on.
2. **Adjust Airflow:** Use the stepless adjustable speed knob to set the desired airflow intensity. Higher settings are suitable for larger dogs or thicker coats, while lower settings are for smaller pets or sensitive areas.
3. **Activate Heat (Optional):** If warmth is desired, press the heating button to activate the heating element. Monitor the temperature to ensure pet comfort.
4. **Drying Technique:** Direct the airflow over your pet's coat, moving the nozzle steadily to ensure even drying. Use the brush nozzle for detangling and styling as you dry.
5. **Power Off:** Once drying is complete, turn off the heating function (if active), then press the power button to switch off the unit. Unplug the dryer from the power outlet.

Maintenance

- **Clean Air Filter:** Regularly check and clean the air filter to ensure optimal performance and prevent overheating. An extra air filter is provided for replacement.
- **Clean Nozzles and Hose:** After each use, remove any accumulated pet hair or debris from the nozzles and the interior of the hose.
- **Store Properly:** Store the dryer in a dry, safe place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter any issues with your PETNF Dog Dryer Blower, please refer to the following common solutions:

- **No Power:** Ensure the power cord is securely plugged into a working electrical outlet. Check if the power button is pressed.

- **Weak Airflow:** Check the air filter for blockages and clean if necessary. Ensure the hose and nozzles are free from obstructions. Verify the airflow speed knob is set to a higher setting.
- **No Heat:** Ensure the heating button is activated. If the unit has been running for a long time, it might have an automatic overheat protection that temporarily disables heating. Allow it to cool down.
- **Unusual Noise:** Turn off the unit immediately and check for any foreign objects in the air intake or hose. If the noise persists, discontinue use and contact customer support.

Specifications

Specification	Detail
Brand	PETNF
Power Source	Corded Electric
Wattage	2385 watts
Special Features	Noise Reduction, Stepless Adjustable Speed
Hose Length (Extended)	Up to 73 inches
Package Dimensions	10.31 x 8.23 x 4.37 inches
