Troubleshooting

If you encounter any issues with your Goplus Folding Camping Cot, refer to the following common solutions:

Problem	Possible Cause	Solution
Cot feels unstable or wobbly.	Not fully unfolded; legs not locked; uneven ground.	Ensure the cot is fully extended and all leg mechanisms are securely locked. Move the cot to a level surface.
Difficulty folding the cot.	Mechanism stiff; fabric tension.	Apply gentle, even pressure when folding. Ensure no fabric is caught in the joints.
Fabric appears loose or sagging.	Normal wear over time; excessive weight.	Ensure weight capacity is not exceeded. Minor stretching of fabric is normal with use.
