3. Setup Instructions

Follow these steps to set up your sun shade for first use:

1. Remove the sun shade from its storage pouch.
2. Hold the handle and gently open the umbrella mechanism, similar to opening a regular umbrella.
3. Ensure the canopy is fully extended.

4. Operating Instructions

4.1 Deploying the Sun Shade

1. Once fully opened, position the sun shade against the inside of your vehicle's windshield.
2. Adjust the shade to cover the entire windshield area.
3. Lower your vehicle's sun visors to hold the sun shade firmly in place against the windshield. This helps secure the shade and prevents it from falling.

4.2 Storing the Sun Shade

1. Raise your vehicle's sun visors.
2. Press the release button on the handle (if applicable) or gently push the umbrella mechanism to collapse the shade.
3. Fold the shade compactly and place it back into its provided storage pouch.
4. Store the pouch in a convenient location, such as the glove compartment or door pocket.

5. Maintenance

To ensure the longevity and effectiveness of your sun shade, follow these maintenance guidelines:

- **Cleaning:** Wipe the reflective surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the material.
- **Drying:** Ensure the sun shade is completely dry before folding and storing to prevent mildew or odor.
- **Storage:** Always store the sun shade in its provided pouch to protect it from dust and damage.
- **Inspection:** Periodically inspect the frame and fabric for any signs of wear or damage.

6. Troubleshooting

- **Shade does not stay in place:** Ensure the vehicle's sun visors are lowered and pressed against the shade to

secure it firmly against the windshield.

- **Difficulty folding:** Gently press the release mechanism and carefully guide the frame inward. Avoid forcing the mechanism.
- **Material wear at frame tips:** While the product is designed for durability, sharp edges of the frame can sometimes cause wear over time. Handle with care during deployment and storage.
- **Initial odor:** A new product may have a slight manufacturing odor. This typically dissipates after airing out for a day or two.
