# ACURITE 00280 Digital Rotary Timer Instructions

**ACURITE 00280 Digital Rotary Timer**

## Counts Up or Down

Digital timer sounds an alarm when it counts down to 00:00:00 or counts up to your desired time limit. Timer remains always on, and features a sleep mode. In sleep mode, display reads 00:00:00. This does not drain the battery.

## Instructions for Use

- **Set Time:** Turn dial right to advance time, turn dial left to reverse time. Turn dial until desired time is reached.
- **Start Count Down:** Enter desired time limit and press "START/STOP" button.
- **Start Count Up:** Press "START/STOP" button without entering a time.
- **Pause Timer:** Press "START/STOP" button during count down/up.
- **Reset Time:** Press "RESET" buttons on the sides of the timer to clear the time displayed.
- **Care Instructions:** Wipe with damp cloth.
