Intex 66552EP

Intex Inflatable Pull-Out Sofa User Manual

Model: 66552EP | Brand: Intex

Introduction

This manual provides essential information for the safe and effective use, setup, and maintenance of your Intex Inflatable Pull-Out Sofa. Please read all instructions carefully before initial use and retain this manual for future reference.

Important Safety Information

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

Always supervise children around the inflatable product. Do not allow jumping on the sofa or mattress. Keep away from sharp objects, heat sources, and open flames. Do not overinflate. Ensure the valve is securely closed after inflation. For detailed safety guidelines, please refer to the official Safety Information PDF: Safety Information (PDF).

What's in the Box

Upon unpacking, verify that all components are present:

- Inflatable Sofa
- Repair Patch

Note: An air pump is not included and must be purchased separately for inflation.

Setup Instructions

1. **Unpack and Unfold:** Carefully remove the sofa from its packaging and unfold it on a clean, flat surface, free from sharp objects.
2. **Locate the Valve:** Identify the 2-in-1 valve on the sofa. This valve has extra-wide openings for quick inflation and deflation.
3. **Inflate:** Using an external air pump (not included), inflate the sofa through the valve. Ensure all sections are adequately inflated but avoid overinflation, which can damage the product. The sofa should be firm to the touch but not rigid.
4. **Secure the Valve:** Once inflated, securely close the valve cap to prevent air leakage.

Operating Instructions

Using as a Sofa:

The Intex Pull-Out Sofa provides a comfortable seating surface with a velvety feel. It features convenient built-in cup holders on each armrest to keep beverages nearby.

Figure 3: Relaxing comfortably on the sofa.

Converting to a Queen Size Air Mattress Bed:

To convert the sofa into a queen-size air mattress, simply pull out the extended section from the front of the sofa. This section unfolds to create a flat sleeping surface, suitable for two people. Ensure the area is clear before extending.

Figure 4: The sofa easily converts into a queen size air mattress.

Figure 5: The sofa fully extended as a bed.

Maintenance

Cleaning:

To clean the sofa, use a damp cloth and mild soap. Spot clean only. Do not use harsh chemicals or abrasive cleaners, as these can damage the velvety surface and material.

Storage:

For long-term storage, ensure the sofa is completely deflated and dry. Fold it compactly to prevent damage and store it in a cool, dry place away from direct sunlight and extreme temperatures. Keeping it in its original packaging or a protective bag is recommended.

Figure 6: The sofa folds compactly for easy storage and transport.

Troubleshooting

Sofa is losing air:

- **Check the Valve:** Ensure the 2-in-1 valve is fully closed and securely sealed. A loose valve is a common cause of air loss.
- **Inspect for Punctures:** Carefully examine the entire surface of the sofa for any small holes or punctures. You can use soapy water to locate leaks by looking for bubbles.
- **Use the Repair Patch:** If a small puncture is found, use the included repair patch according to its instructions. Clean and dry the area thoroughly before applying the patch.
- **Material Stretching:** Over time, the PVC material may stretch, especially during initial uses, which can give the impression of air loss. This is normal. Simply add more air to restore firmness.

If the issue persists after following these steps, contact Intex customer support for further assistance.

Specifications

Feature	Detail
Size (Sofa)	Queen Sofa (approx. 40" x 88" x 26")
Size (Pull-Out Mattress)	Queen Size (approx. 80" x 88" x 26")

Special Feature	Inflatable, 2-in-1 Valve, Built-in Cupholders
