ZOLEO ZLCAK

ZOLEO Cradle Kit Accessory User Manual

Model: ZLCAK

1. Product Overview

The ZOLEO Cradle Kit is designed to enhance the portability and versatility of your ZOLEO satellite communicator. It provides secure mounting options, ensuring your device is conveniently accessible in various environments. The kit includes a main cradle and three interchangeable inserts: a Belt Clip, a Strap Infill Connector, and a Camera Tripod Mount.

Image: The ZOLEO Cradle Kit showing the main cradle and its three interchangeable inserts.

Kit Components:

- **Main Cradle:** The primary housing unit that securely holds your ZOLEO device and accepts the various inserts. Dimensions: 2.93 x 3.74 x 1.09 inches. Weight: 0.10 oz.
- **Belt Clip Insert:** Allows you to wear your ZOLEO device on a belt for easy access. Weight: 0.07 oz.
- **Strap Infill Connector:** Designed to secure your ZOLEO device flat against straps (up to 1 inch wide) on backpacks or other gear. Weight: 0.03 oz.
- **Camera Tripod Mount:** Enables attachment of your ZOLEO device to any universal camera mount, compatible with RAM mounts and other camera accessories. Weight: 0.05 oz.

2. Setup and Installation

2.1 Attaching Inserts to the Main Cradle

1. Ensure your ZOLEO device is removed from the main cradle before attaching or swapping any insert.
2. Align the desired insert (Belt Clip, Strap Infill, or Camera Tripod Mount) with the slot on the back of the main cradle.

3. Slide the insert firmly into the cradle until it clicks securely into place.
4. To remove an insert, first remove the ZOLEO device, then press the release tab (if present) or apply gentle pressure to slide the insert out.

2.2 Using the Belt Clip

The Belt Clip insert allows for convenient, hands-free carrying of your ZOLEO device on your belt or waistband.

Image: A ZOLEO device secured to a belt using the Belt Clip insert.

1. Attach the Belt Clip insert to the main cradle as described in Section 2.1.
2. Insert your ZOLEO device into the main cradle, ensuring it is securely locked.
3. Slide the belt clip over your belt or the edge of your clothing until it is firmly attached.

2.3 Using the Strap Infill Connector

The Strap Infill Connector is ideal for attaching your ZOLEO device to backpack straps, webbing, or other similar fixtures.

Image: A ZOLEO device attached to a backpack strap using the Strap Infill Connector.

1. Attach the Strap Infill Connector insert to the main cradle as described in Section 2.1.
2. Insert your ZOLEO device into the main cradle, ensuring it is securely locked.
3. Thread the strap (up to 1 inch wide) through the openings on the Strap Infill Connector.
4. Adjust the strap to ensure the device is held flat and securely against your gear.

2.4 Using the Camera Tripod Mount

The Camera Tripod Mount allows you to attach your ZOLEO device to any standard camera tripod or mounting system with a 1/4-20 UNC screw.

Image: A ZOLEO device mounted on a tripod using the Camera Tripod Mount.

1. Attach the Camera Tripod Mount insert to the main cradle as described in Section 2.1.
2. Insert your ZOLEO device into the main cradle, ensuring it is securely locked.
3. Screw the Camera Tripod Mount onto a universal camera mount or tripod. Ensure it is tightened sufficiently to prevent movement.

3. Operating Instructions

Once an insert is securely attached to the main cradle and your ZOLEO device is locked into the cradle, the kit is ready for use. Always ensure the ZOLEO device is firmly seated in the cradle to prevent accidental detachment during activity.

- **Secure Placement:** Regardless of the insert used, verify that the ZOLEO device is fully engaged and locked into the main cradle. A distinct click should be heard or felt.
- **Environmental Considerations:** While the ZOLEO device itself is rugged, avoid exposing the cradle kit to extreme

impacts or forces that could compromise its integrity or the security of the device.

- **Accessibility:** Position the cradle kit in a location that allows for easy access to your ZOLEO device's buttons and screen, if applicable, while maintaining security.

4. Care and Maintenance

Proper care ensures the longevity and reliable performance of your ZOLEO Cradle Kit Accessory.

- **Cleaning:** Wipe the cradle and inserts with a damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the plastic material.
- **Storage:** Store the cradle kit and its inserts in a cool, dry place away from direct sunlight when not in use.
- **Inspection:** Periodically inspect the cradle and inserts for any signs of wear, cracks, or damage. Replace any damaged components to ensure secure attachment of your ZOLEO device.
- **Rust Resistance:** The kit features rust-resistant components, contributing to its durability in various outdoor conditions.

5. Troubleshooting

If you encounter issues with your ZOLEO Cradle Kit, refer to the following common solutions:

- **Difficulty Attaching/Removing Inserts:**
  - Ensure the ZOLEO device is removed from the main cradle before attempting to attach or remove an insert.
  - Verify that the insert is correctly aligned with the cradle's slot.
  - Apply firm, even pressure when sliding the insert. Do not force it if it feels misaligned.
- **Device Not Securing in Cradle:**
  - Check for any obstructions or debris within the cradle or on the ZOLEO device itself.
  - Ensure the device is inserted in the correct orientation.
  - Confirm that an insert is properly seated in the cradle before attempting to insert the ZOLEO device.
- **Loose Attachment:**
  - For belt clips, ensure the clip is fully engaged with the belt.
  - For strap infill, ensure the strap is tightly threaded and secured.
  - For tripod mounts, verify the screw is adequately tightened to the tripod.

6. Product Specifications

Brand	ZOLEO
Model Name	ZLCAK
Model Number	ZLCAK
UPC / GTIN	820712000026, 820712000033
