LifeSmart BD001

LifeSmart BD001 Boot and Glove Dryer Instruction Manual

Model: BD001 | Brand: LifeSmart

1. Introduction and Overview

The LifeSmart BD001 is a versatile and efficient 4-post dryer designed to quickly and safely dry various footwear and accessories. Its gentle convection heating system, combined with fast airflow, helps to extend the lifespan of your items by preventing moisture buildup and odors. Ideal for use with boots, gloves, shoes, and more, this dryer features a convenient timer and built-in safety mechanisms for peace of mind.

2. Product Features

- **Quick Dry Heating:** This compact yet powerful 250W dryer utilizes fan-forced airflow for rapid and efficient drying, ensuring your boots and gloves are ready to wear in minimal time.
- **Overheat Safety Switch:** Designed with user safety in mind, the BD001 includes a built-in overheat protection feature that automatically shuts off the unit if it exceeds safe operating temperatures.
- **Safe for All Materials:** The gentle convection heating method allows this dryer to be used with all types of materials, including leather, canvas, and synthetic fabrics, without causing damage.
- **Automatic Shut-off Timer:** Simply set the desired drying time using the integrated 3-hour shut-off timer, and the dryer will automatically power down once the cycle is complete.
- **Adjustable Drying Posts:** The four accessible posts can be extended up to 16 inches in height, accommodating a wide range of footwear and glove sizes.
- **Compact Storage:** The dryer's posts can be easily unassembled from the base unit for convenient and compact storage when not in use.

3. Setup

The LifeSmart BD001 requires minimal assembly before its first use.

1. **Unpack Components:** Carefully remove all parts from the product packaging. Ensure all components listed in the 'Included Components' section of the specifications are present.
2. **Assemble Drying Posts:** Insert the four drying posts into their designated circular slots on the main base unit. Gently push down and twist until they are securely seated.
3. **Adjust Height (Optional):** If drying taller items such as boots, extend the adjustable posts to the desired height (up to 16 inches) by twisting and pulling them upwards.
4. **Placement:** Place the assembled unit on a stable, flat, and dry surface. Ensure it is in a well-ventilated area, away from any flammable materials or obstructions that could block airflow.

4. Operating Instructions

Follow these steps for effective and safe operation of your LifeSmart BD001 dryer:

1. **Prepare Items:** Before placing items on the dryer, ensure they are free from excessive mud, dirt, or debris. For optimal drying, remove insoles from shoes or boots if possible to allow for better air circulation.
2. **Place Items:** Carefully slip your boots, shoes, or gloves onto the drying posts. For gloves, ensure the fingers are open to allow air circulation. For shoes, ensure the toe area is facing upwards on the posts.
3. **Connect Power:** Plug the power cord into a standard electrical outlet (120V AC, 60Hz).
4. **Set Timer:** Turn the timer dial located on the base unit to the desired drying duration. The dryer features a 3-hour automatic shut-off timer. For continuous operation, set the dial to the 'ON' position.
5. **Start Drying:** The fan will begin to operate, circulating warm air through your items.
6. **Drying Time Guidelines:** Refer to the table below for estimated drying times. Actual times may vary based on material, wetness, and ambient conditions.

Recommended Drying Time (Minutes)

ITEM	WET	DAMP
Gloves	30	10
Leather	60	20
Sneaker	100	40
Boot	120	60

7. **Completion:** The dryer will automatically shut off after the set time. Unplug the unit from the power outlet and remove your dry items.

5. Maintenance and Storage

Proper care and storage will ensure the longevity of your LifeSmart BD001 dryer.

- **Cleaning:** Always unplug the dryer from the power outlet and allow it to cool completely before cleaning. Wipe the exterior surfaces with a soft, damp cloth. Do not immerse the unit in water or use harsh abrasive cleaners.
- **Storage:** When not in use, the drying posts can be easily removed from the base unit for more compact storage. Store the dryer in a cool, dry place, away from direct sunlight and extreme temperatures.

6. Troubleshooting

If you encounter any issues with your LifeSmart BD001 dryer, please refer to the following common problems and solutions:

- **Dryer does not turn on:**
  - Ensure the power cord is securely plugged into a working electrical outlet.
  - Check the timer setting; ensure it is not set to 'OFF' or has completed its cycle.
  - Verify that the overheat safety switch has not been activated. Unplug the unit, allow it to cool for 15-20 minutes, and then plug it back in.
  - If the issue persists, contact customer support.
- **Items are not drying effectively:**
  - Ensure items are properly placed on the posts, allowing for adequate airflow.

- Check the drying time setting; increase the duration if items are very wet.
- Verify that the air vents on the posts are not obstructed.
- Consider the ambient humidity and temperature; drying may take longer in very humid or cold environments.

7. Specifications

Attribute	Detail
Product Dimensions	12.13 x 11.63 x 23.13 inches
Item Weight	3.3 pounds
Manufacturer	LifeSmart
Item Model Number	BD001
