JIUYOTREE B08TQFB371

JIUYOTREE 7-Tier Shoe Storage Organizer with Dustproof Cover - Instruction Manual

Model: B08TQFB371

Introduction

Thank you for purchasing the JIUYOTREE 7-Tier Shoe Storage Organizer. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product. This organizer is designed to provide efficient and dust-free storage for up to 28 pairs of shoes, featuring high-quality metal tubes, PP plastic joints, and a durable non-woven fabric cover.

Safety Information

- Do not let children play with the accessories of the product to prevent injury.
- Exercise caution to avoid cuts from metal edges during assembly.
- Ensure all pipes and connectors are firmly and tightly installed for stability.
- Do not exceed the maximum weight capacity of 20 pounds per shelf.

Parts List

Please verify that all parts are present before beginning assembly. Refer to the diagram below for identification.

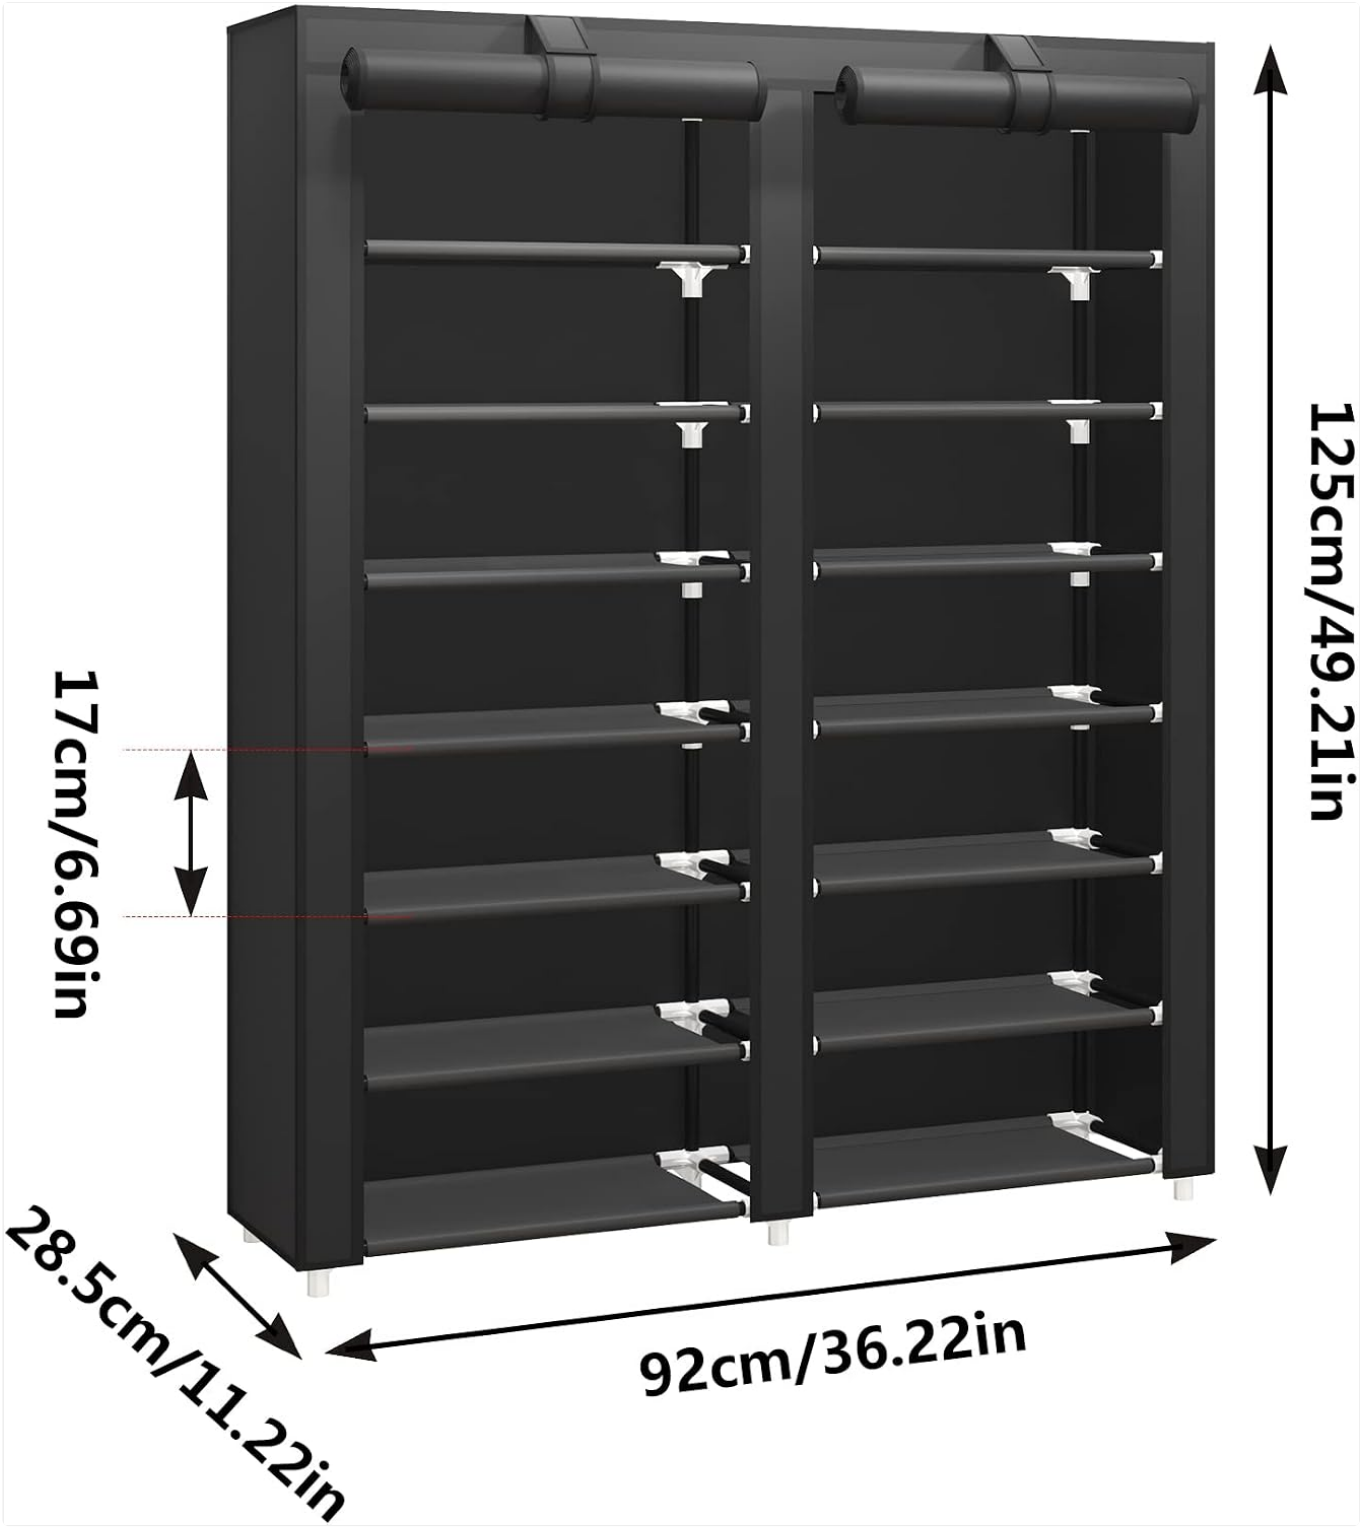

Image: All components of the shoe storage organizer laid out, including metal pipes, plastic connectors, and non-woven fabric shelves.

Component Breakdown

Component	Description	Quantity
Metal Tubes	Various lengths for frame construction	(Refer to specific assembly diagram for exact counts)
PP Plastic Joints	Connectors for metal tubes	(Refer to specific assembly diagram for exact counts)
Non-woven Fabric Shelves	Fabric layers for shoe placement	7

Component	Description	Quantity
Dustproof Cover	External fabric cover with zipper	1

Setup and Assembly

The assembly of the shoe rack is designed to be straightforward. Follow these steps carefully:

1. Separate steel pipes of different lengths and different types of interfaces before installation.
2. Pay attention to the orientation of the PP interface when installing.
3. Make sure to cover the pipe with non-woven fabric before installing the horizontal compartments.
4. Ensure that each pipe and each PP interface are installed firmly and tightly.
5. You can customize your shoe rack by installing one less layer to store taller items like women's boots.

Assembly Visual Guide

Operating Instructions

Once assembled, your JIUYOTREE shoe organizer is ready for use. Its design allows for versatile placement and easy access to your footwear.

- **Placing Shoes:** Arrange shoes on the non-woven fabric shelves. The generous 6.69-inch (17cm) interval

between layers accommodates various shoe types, including high heels and boots (by removing a shelf).

- **Using the Dustproof Cover:** The organizer is equipped with a non-woven cover and a zipper. Close the zipper to protect your shoes from dust and moisture, keeping them clean and well-maintained.
- **Placement:** The lightweight design allows for easy relocation. It is suitable for hallways, living rooms, bedrooms, balconies, or behind doors, occupying minimal space.

Maintenance

To maintain the quality and appearance of your shoe organizer:

- **Cleaning:** Wipe the metal tubes and non-woven fabric with a dry cloth to remove dust and dirt. Avoid using harsh chemicals that may damage the materials.
- **Cover Care:** The non-woven cover is waterproof. If it gets wet, wipe it dry to prevent moisture buildup inside the organizer.

- **Stability Check:** Periodically check that all connections remain firm and tight to ensure the stability of the unit.

Troubleshooting

Common Issues and Solutions

Problem	Possible Cause	Solution
Organizer feels unstable or wobbly.	Loose connections between pipes and joints.	Ensure all metal pipes are fully inserted into the plastic connectors and are tight. Apply firm pressure during assembly.
Difficulty inserting pipes into connectors.	Misalignment or insufficient force.	Align pipes carefully and apply steady, firm pressure. Avoid excessive force that could damage connectors.
Shoes do not fit on a shelf.	Item height exceeds shelf interval.	Remove one or more fabric shelves to create taller compartments for boots or high heels.
Dust accumulating on shoes despite cover.	Cover not fully closed or damaged.	Ensure the zipper is fully closed. Inspect the cover for any tears or damage.

Specifications

Product Details

Feature	Detail
Brand	JIUYOTREE
Model	B08TQFB371
Material	Alloy Steel, Polypropylene, Non-woven Fabric
Product Dimensions (D x W x H)	11.22"D x 36.22"W x 49.21"H (92 x 28.5 x 125 cm)
