## Adaptiv Mini

Adaptiv Mini allows HDMI & Camera input to the OEM screen.

This plug-and-play Mini interface adds HDMI to connect your Apple or Android device, allowing you to mirror your smartphone display on the vehicle's original screen.

Inputs for front and rear aftermarket cameras also come as standard with the Mini.

## Application

For Ford vehicles with Sync3 systems and 8" display (dash embedded-style).

**Note:** Not for vehicles with newer Sync3.2 systems or tablet-style displays. Please see Part Number ADVN-FD2

## Kit Includes

Adaptiv Interface Vehicle Harness

## Prior to installation

Read the manual prior to installation. Technical knowledge is necessary for installation.

The place of installation must be free of moisture and away from heat sources.

Connects2 cannot be held responsible for the installation of this product.

## Technical Support

Connects2 wants to provide a fast and suitable resolution should you encounter any technical issues. With this in mind, when contacting Connects2, try to provide as much information as possible. This will speed up the process and help us to help you. Please use our dedicated online technical support centre: [support.connects2.com](http://support.connects2.com)

## CONNECTION DIAGRAM

( ON: YES OFF: NO )

**DIP 2**  
If the vehicle has after-market front camera  
( ON: YES OFF: NO )

**DIP 4**  
OFF  
**DIP 5**  
OFF

## Button Configuration

**Button 1** – Left arrow (steering wheel) or SOUND button on OEM head unit

**Button 2** – Right arrow (steering wheel)

## HDMI Access

Connect the USB dongle supplied to the Sync USB input\*\*. Select USB source from the OEM menu sources. The dongle will appear as 'USB AUX'.

Hold **BUTTON 1** for 2 seconds to switch between OEM screen and Adaptiv Mini HDMI screen

## Video In Motion Warning – 10 MPH

Hold **BUTTON 2** ( or press the top right corner of the touch screen ) to disable the video in the motion warning message

## Rear and Front Camera Access

From either HDMI mode or OEM model

1. Select reverse gear for reverse camera
2. Deselect reverse gear – will go to after market front camera ( if DIP 2 ON )

Press top right corner of screen to cancel front camera or drive over 10 MP

## Front Camera Access

Hold **BUTTON 2** for 2 seconds to enter the front camera screen ( if DIP 2 is ON ) or double press the **SOUND** button on the OEM head unit.

## View Version Number

Hold **BUTTON 1** Button for 8 seconds to enter firmware information screen

\*\*Note that there may be a slight delay in HDMI audio lip-sync, due to the USB audio buffer time of the OEM system. This is dependant on the manufacturer original equipment specification.

 <p>The image shows the Adaptive Mini logo at the top left. Below it are two photographs: the top one shows the interior of a car with the Adaptive Mini device installed in the center console, and the bottom one shows the device itself with its various cables. At the bottom of the image is the text 'Adaptive Mini Wiring &amp; User Guide', 'Model: ADVM-FD1', 'Ford with Sync3 8-Inch Touchscreen', and the website 'WWW.ADAPTIVEMINI.COM'.</p>	<p><a href="#">Adaptive ADVM-FD1 Ford with Sync3 8-Inch Touchscreen</a> [pdf] User Guide ADVM-FD1, Ford with Sync3 8-Inch Touchscreen</p>
