Paladone PP8024SW

Paladone Star Wars Logo Light Instruction Manual

Model: PP8024SW

Introduction

This manual provides essential information for the setup, operation, and maintenance of your Paladone Star Wars Logo Light. Please read these instructions carefully before use to ensure proper functionality and longevity of the product.

Product Features

- Officially licensed Star Wars merchandise.
- Can be used freestanding or wall-mounted.
- Features two light modes: standard illumination and a pulsing effect.
- Constructed from durable plastic.
- Powered by 3x AAA batteries (not included) or Micro USB (cable not included).
- Utilizes energy-efficient LED lighting.

Package Contents

- 1x Paladone Star Wars Logo Light (Model: PP8024SW)

Note: 3x AAA batteries and Micro USB cable are not included and must be purchased separately.

Setup

1. Power Source Installation

The Star Wars Logo Light can be powered by either 3x AAA batteries or a Micro USB cable.

Battery Installation:

1. Locate the battery compartment on the back of the light.
2. Open the battery compartment cover.
3. Insert 3x AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

Micro USB Power:

- Locate the Micro USB port on the back of the light.
- Connect a Micro USB cable (not included) to the port and to a compatible USB power source (e.g., USB wall adapter, computer USB port).

Figure 2: The light displayed on a shelf, illustrating its two distinct light modes.

2. Placement Options

The light is designed for both freestanding and wall-mounted use.

Freestanding:

- Place the light on any flat, stable surface such as a desk, shelf, or bedside table.

Wall Mounting:

1. Locate the keyhole slots on the back of the light.
2. Mark the desired wall positions for the screws, ensuring they align with the keyhole slots.
3. Install two screws (not included) into the wall, leaving a small portion of the screw head protruding.
4. Carefully hang the light onto the screws, sliding it down to secure it in place.

Operating Instructions

Power Button and Light Modes

The light features a single touch-sensitive power button, typically located on the side or back of the unit, to control its functions.

1. **To Turn On:** Press the power button once for standard, continuous illumination.
2. **To Activate Pulsing Mode:** Press the power button a second time to switch to the pulsing light effect.
3. **To Turn Off:** Press the power button a third time to turn the light off.

Maintenance

Cleaning

- Ensure the light is turned off and disconnected from any power source before cleaning.
- Wipe the surface with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.

Battery Replacement

- If the light becomes dim or stops working when powered by batteries, it is time to replace them.
- Follow the battery installation steps in the "Setup" section to replace the 3x AAA batteries.
- Dispose of used batteries responsibly according to local regulations.

Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	No power, dead batteries, or loose USB connection.	Check battery installation/replace batteries. Ensure USB cable is securely connected to a working power source.
Light is dim.	Low battery power.	Replace batteries or use Micro USB power.
Light modes are not changing.	Power button not pressed correctly.	Ensure a firm press on the touch-sensitive power button to cycle through modes.

Specifications

Attribute	Detail
Brand	Paladone
Model Name	Star Wars
Part Number	PP8024SW
Product Dimensions	2.87"D x 11.42"W x 5.12"H
Item Weight	11.6 ounces (0.33 Kilograms)
Material	Plastic
