5. Operating Instructions

Always ensure your baby is calm and still before attempting any nail care. It is often easiest to trim nails when the baby is asleep or after a bath when nails are softer.

5.1. Using the Scissors

The scissors feature rounded tips and curved blades, specifically designed for the delicate and small nails of infants. This design helps prevent accidental nicks.

1. Gently hold your baby's finger or toe, ensuring their hand or foot is stable.
2. Carefully place the rounded tips of the scissors under the nail, ensuring no skin is caught.
3. Trim the nail straight across to prevent ingrown nails. For toenails, trim straight. For fingernails, you may slightly round the corners with the file after trimming.

5.2. Using the Nail Clippers

The nail clippers are designed for safe and efficient trimming of baby nails, particularly as they grow slightly larger.

1. Hold your baby's finger or toe firmly but gently.
2. Press down on the skin around the nail to expose the nail tip fully.
3. Position the clippers to trim the nail straight across, avoiding cutting too short or into the quick.

5.3. Using the Tweezers

The tweezers are useful for delicate tasks such as removing small debris from under the nail or gently lifting a hangnail before trimming.

1. Use with extreme caution and a steady hand.
2. Only use for surface-level tasks; avoid digging into the skin.

5.4. Using the Nail Files

The disposable nail files are perfect for smoothing rough edges after trimming or for gently shortening very soft nails without cutting.

1. Gently file in one direction to smooth any sharp edges or points.
2. Do not file too aggressively, as baby nails are very soft.
3. Discard files after they become worn or dirty.

6. Maintenance

- **Cleaning:** After each use, clean the scissors, nail clippers, and tweezers with a soft cloth and mild soap and water. Rinse thoroughly and dry completely to prevent rust and maintain hygiene.
- **Storage:** Store all tools in the provided polar bear case in a clean, dry place, out of reach of children.
- **Disposal:** Dispose of used nail files responsibly.

7. Troubleshooting

If you encounter any issues with the Chicco Kids Manicure Set, please consider the following:

- **Difficulty trimming nails:** Ensure your baby is calm and still. Try trimming after a warm bath when nails are softer.
- **Tools not cutting effectively:** Ensure tools are clean and free of debris. If scissors or clippers become dull, they may need replacement.
- **Rusting:** Ensure tools are thoroughly dried after cleaning and stored in a dry environment.
