Braun XT5200

Braun Series XT5 All-in-One Men's Beard Trimmer and Electric Razor XT5200 User Manual

Model: XT5200

Introduction

This manual provides comprehensive instructions for the safe and effective use of your Braun Series XT5 All-in-One Men's Beard Trimmer and Electric Razor, model XT5200. This versatile grooming device is designed for shaving, trimming, and edging facial and body hair. Please read all instructions carefully before first use and retain this manual for future reference.

What's Included

Your Braun Series XT5 XT5200 package includes the following components:

- Braun Series XT5 Electric Trimmer device
- Drawstring pouch for storage and travel
- 4 Face Combs (1mm, 2mm, 3mm, 5mm) for various beard lengths
- 2 Body Combs (0mm, 3mm) for body grooming
- Protective Cap for the blade
- Smart Plug charger (automatic 100 to 240 voltage adjustment)

Safety Information

To ensure safe operation and prevent injury, please observe the following safety guidelines:

- The device is safe to use in the shower. However, ensure the charging cable is disconnected before immersing the device in water.
- Keep the device out of reach of children.
- Be cautious of the sharp blade. Handle the blade assembly with care to avoid cuts.
- Do not use the device if the blade or any part of the device is damaged.
- Only use the provided Smart Plug charger.
- Do not disassemble the device beyond what is described in this manual.

Setup and Charging

Before first use, fully charge your Braun Series XT5 device. A full charge provides approximately 45 minutes of cordless trimming time.

1. Connect the Smart Plug charger to the charging port at the bottom of the device.
2. Plug the Smart Plug into an electrical outlet. The charger automatically adjusts to 100-240V, making it suitable for international travel.
3. The power indicator light on the device will illuminate to indicate charging.
4. Once fully charged, disconnect the device from the charger.

Operating Instructions

The Braun Series XT5 is designed for versatile grooming. It features an innovative 4D-Blade with two central shaving

zones and two side trimmers, along with a SkinGuard comb for skin protection.

General Use

- Ensure the device is charged before use.
- Press the power button to turn the device on or off.
- The device can be used dry, with foam or gel, or in the shower.
- The pivoting flex head adapts to facial contours for precision, especially in hard-to-reach areas.

Trimming and Styling (Face)

Attach one of the four face combs (1mm, 2mm, 3mm, or 5mm) to achieve your desired beard length. The 2-way comb allows trimming both up and down.

1. Select the appropriate face comb and securely attach it to the blade.
2. Turn on the device.
3. Move the trimmer against the direction of hair growth for an even trim.
4. For edging, remove the comb and use the bare blade to define lines.

Shaving (Face)

For a close shave, use the device without any comb attachments.

1. Ensure no comb is attached to the blade.

2. Turn on the device.
3. Gently press the blade against your skin and move it in short, controlled strokes. The SkinGuard comb helps protect your skin.

Body Grooming

Use the body combs (0mm or 3mm) for grooming different body areas.

1. Attach the desired body comb (0mm for sensitive areas, 3mm for general body hair).
2. Turn on the device.
3. Move the trimmer smoothly over the skin. The SkinGuard comb is particularly useful for delicate areas like the chest, underarms, or groin.

Maintenance

Cleaning

The Braun Series XT5 is 100% waterproof, allowing for easy cleaning under running water.

1. After each use, turn off the device and disconnect it from the charger.
2. Remove any attached comb.
3. Rinse the blade head and the device under warm running water until all hair and debris are removed.
4. Shake off excess water and allow the device to air dry completely before storing or recharging.
5. You may also use a small brush (not included) to remove stubborn hair from the blade.

Blade Replacement

The durable stainless steel blade is designed to stay sharp for up to 6 months, based on two face shaves per week. When you notice a decrease in cutting performance, it's time to replace the blade.

1. Ensure the device is turned off.

2. Grip the sides of the blade head and gently pull upwards to detach it from the device body.
3. Align the new replacement blade with the device body and press down until it clicks into place.
4. Dispose of the old blade responsibly.

Image: A close-up view of the Braun Series XT5's metal blade, highlighting its durable construction designed to remain sharp for extended periods.

Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Charge the device fully using the Smart Plug charger.

Problem	Possible Cause	Solution
Device runs slowly or pulls hair.	Blade is clogged with hair or dull.	Clean the blade thoroughly under running water. If performance does not improve, replace the blade.
Device does not charge.	Charger not properly connected or faulty.	Ensure the Smart Plug is securely connected to both the device and the power outlet. Try a different outlet.
Skin irritation after use.	Improper technique or sensitive skin.	Ensure you are using the SkinGuard comb for sensitive areas. Use with foam or gel for added comfort. Shave in the direction of hair growth if irritation persists.

Specifications
